DEDICATION

MRS. TONI THEIS

After nearly thirty-seven years of loyal service to Education, Mrs. Toni Theis will be retiring from the teaching profession at the end of June, 1980, to devote her full time, so she says, to do all the other things she's always wanted to do in life.

The former Miss Coleman began her teaching career at Beauchamp School in the beautiful Frenchville country, south of Admiral. After four years in one-roomed Saskatchewan schools, she moved to Toronto, and was employed there in general office work. Following their wedding, Mr. and Mrs. Peter Theis returned to Admiral to live. In 1947 Mrs. Theis accepted a teaching position with the Shaunavon School Unit and, except for one-year's leave of absence to complete a degree in education, she has taught in the Admiral School system since that time, chiefly in the areas of Biology, Chemistry and French. She was principal of the school in 1964-65.

Mrs. Theis will be remembered by two generations of Admiral students for the time and effort she put into her school work. You always could count on her being at her desk, long after school hours, whether to give advice and help on an academic problem, or just to listen to a teenager's troubles.

The Science Lab will never be quite the same without her. We'll miss her professionalism and down-to-earth logic, but most of all we will miss her crisp lab coat hanging by the door... We'll miss the Wednesday after-school sessions of the Yearbook Committee, when we planned everything from photography to fund-raising. But above all, we'll remember Mrs. Theis for her firmness and her fairness, and her expertise to evoke the best in all of us. We'll recall her mania for neatness, and her up-to-date methods. And amid the constant pressures and demands on her time, we'll remember her ability to laugh at all of our teenage foibles.

Two generations of Admiral School students join with me in saying, "Thank you, Mrs. Theis, for caring." We wish you and your husband Peter, a long, happy and healthy retirement.

The Editor,

Gail Spetz

PRINCIPAL'S PAGE

Dear Students:-

The year 1980 is a very special year for all of us. This year, we celebrate the seventy-fifth birthday of Saskatchewan's entry into the Canadian family of provinces. As we celebrate this historic event, we have great opportunities to learn about our Past, to consider the Present and to plan for the Future.

In our celebrations, we will be showing our appreciation for the dedication, the devotion and the drive of the Pioneers of this Province. Only a few of these pioneers are left. Therefore, I hope that if the opportunity presents itself, that you will listen to their story. It is the story of the builders of our great Province of Saskatchewan. And, as we listen to the voices of the past, we shall realize how much we owe to those people who have paved an easier way for us.

Let us dedicate our lives to our God, our province, and our country. Let us strive to continue the work of these noble pioneers, so that when future anniversaries roll around, those people can look back with the same pride and thankfulness in their ancestors, as we have in ours.

The very best to each of you!

Put your power into Saskatchewan Power

For 50 years we have been the energy base for a growing Saskatchewan. We've put in thousands of miles of pipe and powerlines to deliver electricity and natural gas to our customers in industry and into homes in every part of our province.

It took a lot of planning by our people and we're proud of what we've done. Now we're challenged with meeting the even higher demand for power that your generation will bring.

And we'll need new Saskatchewan Power people

to do it. Men and women with ideas and initiative who can develop the skills we need. Technicians, planners and managers. People who share our awareness that conservation goes hand in hand with Saskatchewan's energy needs.

Work with us toward a common goal; keeping Saskatchewan's power pulse full of energy. Add your power to ours.

Energy is vital to our way of life and essential for a secure tomorrow.

Grade Twelve

Patry Cooper

PATRICIA LYNN COOPER, the girl with the golden smile, was born May 23, 1962. She is the youngest daughter of James and Leta Cooper of Admiral. It is said that this vivacious, petite, Miss, acquired her speed in running by trying to keep up to three older brothers and one sister. Patsy has taken part in all forms of sports - volleyball, basketball, softball, curling, and track and field. In this last sport, Patsy won the School Division Crest two times, and was a member of the Southwest Provincial Team in 1979. She has also taken a keen interest in the S.R.C. as well as being on the Yearbook for two years, this year in the position of Co-editor. Besides all this, Patsy carried a heavy schedule of studies. She plans on entering Foothills Hospital in Calgary to train as a nurse. The best to you!

"The future belongs to those who are willing to work for it."

Brenda Elton

BRENDA LEE ELTON, dark-haired and willowy, is the eldest daughter of Mr. and Mrs. Edward Elton of Cadillac. She was born August 22, 1962. She has attended Admiral School exclusively, starting in the "little School" in 1968, and being in the AHS graduating class of 1980. Studies have always been Brenda's number one priority. A highlight of her school career was receiving the Proficiency Medal in her Grade Eleven year in English and Social Studies. In sports, Brenda has been a valuable member of the basketball team of the past seasons, as well as a strong participant in this year's track team. She was elected Room Rep. for the S.R.C., and served well in that capacity in her last year at AHS. Brenda was also a librarian-aide for several years. As for the future, she plans on entering the work-a-day world, perhaps as a bank clerk. But, we know that wherever she goes, Brenda will always be a cheerful and hard worker. Good luck to you!

"Those who love us, let us find our own way."

Dennis Entem

DENNIS LUCIEN JOSEPH ENTEM is the dark-haired, and dark-eyed member of the CLASS of '80. He is the youngest of the three children born to Mr. and Mrs. John Entem of Admiral. Dennis made his first cry on January 12, 1962, and legend would have it that it was his last noise... Dennis is considered the "quiet" boy of his class. However, he enjoys most sports, and was active in football, softball, track and field and volleyball, until a broken arm slowed him down. He also belonged to the Ski Club. Dennis plans to seek employment for the present, and eventually he would like to follow in his father's footsteps, and become a "wealthy" wheat farmer. Good luck to you in all your future plans.

"If you do not understand my silence, you will not understand my words."

Loren Magnuson

LOREN GERALD MAGNUSON, with the handsome Nordic looks, is the second son of Mr. and Mrs. Manly Magnuson of Admiral. Loren "touched down" on Earth, April 10, 1962, but still thinks he's on Venus from whence he supposedly originated. Seriously, Loren is not "out of this world", instead, he is very much in touch with affairs that concern Admiral High. He was an active member of the Ski Club and went to the Big Mountain Ski Resort area several times with the school team. He was Senior Head Boy of his House last year. He particularly enjoyed Football, and won the MVP award. Later, he helped to coach a Div. III team. Loren also won an MVP award in Softball during his high school years. He also participated in Track and Field and Curling. Loren is especially interested in cars and took his first semester at the Swift Current Comprehensive High School in order to pursue his first love of motor mechanics. Loren also likes the fine arts. He was responsible for the backdrop "Sailing Away", for graduation. Whatever your choice of career in life, Loren, we wish you the best in all your choices.

"Accept me as I am, so I may learn what I can become."

Brenda Nelson

BRENDA IRENE NELSON, pert, blond and brainy, is the youngest child of the late Mrs. Cora Nelson and Mr. Jerome Nelson of Admiral. Among her peers, Brenda is considered one of the intellectual set. Her collection of proficiency medals dates back to 1976. She has won five medals in Math. and Sciences, including the 1980 medal, and during these years she also was the recipient of the English and Social Studies medal twice. No small achievement! Studies have always come first in Brenda's life, but she also had time for school activities. She was House Leader for three out of her four years at AHS. She has been a valuable member of the Volleyball Team, the Softball Team, and has curled on the Brier Team this year. Brenda also carries a full academic load. Brenda intends to pursue a nursing career. We know that whatever Brenda undertakes, it will be done to the best of her ability. The best to you!

"I take the good with the bad, and I shake it up."

Arnold Scansen

ARNOLD EMIL SCANSEN, full of common sense, and a dash of humour, is the youngest son of Mr. and Mrs. Clifford Scansen of Cadillac. Arnold was born December 14, 1962. He is the second youngest member of the Class of '1980. He attended Admiral School for all of his twelve years of formal education. Arnold participated in the usual school sports, and was quite an asset for the offensive team in football. In softball, usually he managed to lose the ball in the hills north of the school. Arnold plans on entering the work force for one year, preferably in the service area of the automotive industry. Later he may enroll at one of the Technical Institutes in the province, and pursue a career in Motor Mechanics. Good luck to you!

"The hardest thing to learn is which bridge to cross."

Wendy Sherwick

WENDY LEE SHERWICK, a serious, yet fun-loving girl, is the youngest child and the only daughter of the late Mr. Harold Sherwick and Mrs. Alice Sherwick of Admiral. Wendy is the true "baby" of the Class of 1980, having been born December 30, 1962.

Wendy Lee is a very energetic person. She has been involved in just about every school sport there is. Her participation is almost unbelievable. She was most committed to Cross Country and Track and Field. She could be seen jogging the Admiral "square", every day in fair or foul weather. She has many special memories of Cross Country competitions all over the province. Wendy was on many championship teams in Volleyball, as well as Softball and other sports. She served the SRC well in the capacity of Senior Head Girl. In spite of all her activities, Wendy always found time for her studies. She won the Proficiency Medal in English and Social Studies in her Grade Ten year, and again in her final year in June, 1980.

Wendy's plans for the future are to enter an institution of secondary learning in the fall. The best of luck!

"What appears to be the end, may really be a new beginning."

Rick Spetz

RICKEY LAYNE SPETZ, who qualifies the statement that all good things come in small packages, is the second son of Mr. and Mrs. Ivan Spetz of Admiral. It is often said of Rick that he was born with wings on his feet. He made a swift appearance into the world on August 8, 1962, and he's been using that natural speed ever since.

Rick has been involved in many sports and activities throughout his school life, and has been awarded several trophies. He has played on the Flag Football team, the Volleyball team, the Softball team. He has taken part in Cross Country running, Track and Field, Curling, as well as being a member of the Ski Club. At Colour Night, 1980, Rick was the recipient of the M.V.P award in Volleyball. Last year he skipped the intramural rink which won the Harold Wickstrom Memorial Trophies. This winter he was the skip of AHS's mixed curling team in the Brier. And as you all know Rickey was President of the Student Council for 1979-80. This all required a lot of his time. The students appreciated your efforts. As for future plans, Rick intends to work with his father for a year, then he may eventually go to a Technical Institute to study a trade. Good Luck, Rick!

"The way to get anywhere is to start from where you are."

Doug Wallis

DOUGLAS ALLAN WALLIS, the young man with Gaelic charm, is the youngest member in the family of Mr. and Mrs. Herb Wallis of Admiral. Doug says that when you have two older brothers, and two older sisters, you learn to swing a bat early in life ...perhaps this accounts for his skill in playing softball in high school. Seriously, Doug was presented with the M.V.P. award in that sport twice - in 1978 and again in 1979. He played Football in Div. III, and later helped to coach a younger team to victory. He also played Volleyball, and has been on the high school Brier team in Curling. Doug attended the Technical Institute in Moose Jaw during Semester I, and came back to AHS for his Semester II studies. It is likely that he will return to Admiral High School to complete his academic studies in the autumn of 1980. Best of luck in the future.

"Keep your eye on the far horizon, and you will find the right road"

VALEDICTORIAN

MISS TRACEY CARR

GRADUATION is a very special time in our school life. It is a time to reflect on many things, but especially upon our past mistakes, in the hope that we will not repeat them. But more importantly, it is a time to look to the future with all its promised dreams and anticipations.

Let us not forget that this evening the spotlight is on the Grade Twelve Graduates more so than on us. It is they who are "SAILING AWAY", whereas, we - the Grade Eight Junior Grads, are committed to staying in port for another four years. On behalf of my class, I would like to congratulate them this evening in having been steadfast sailors on the good ship ADMIRAL HIGH for the past four years, and to wish them the calmest of seas as they embark upon the Journey of Life. Remember, however, that we learn more in rough, stormy waters, where our skills and experience are more thoroughly tested.

I would like to close with a few quotes from this very appropriate song -

 ***"Whatever the words that you hear
 ***Somehow the meaning is clear,
 ***We're all on the same ship together
 ***Moving On.

***From the first time that Life could be heard
 ***To the last sounds of men on this earth,
 ***The question is always the same
 ***'Where are we going?'

***Love is the daughter of Life
 ***Comfort to trouble and strife,
 ***She's always beside you, to help you
 ***Carry On.

***There's a silver light beside you
 ***Take the hand that's there to guide you,
 ***Through the night
 ***From where we came.

***When the autumn leaves are falling
 ***And you hear the voices calling,
 ***Then do not fear you will
 ***Sail On."

HIKING

As a culmination to a course entitled, "Survival In The Open", the Grade 7, 8 and 9 boys, under the leadership of Mr. Jim Olson, decided to put into practice what they had been learning in class. They had studied - Orienteering, Outdoor Cooking, First Aid, and many other useful items of information which would help a person survive in the wilderness. The pictures on these pages tell the story that learning by doing can be an experience of a lifetime. The students left on a beautiful September afternoon, and hiked with full pack, to a prairie ravine not too far away from Lac Pelletier - a distance of about fifteen miles from the school. They all reported having had a great time!

FLAG FOOTBALL

This was an extremely rewarding year for Flag Football in Admiral High School. Five games were played, and we won them all. The playoffs were held in Admiral, and we captured the Crests for the School Division quite handily. Dale Garthus won the M.V.P. Award. Congratulations! We would like to thank our coach, Mr. Carr, for his interest in the team.

The CROSS-COUNTRY TEAM which competed in the District Finals at Swift Current, and which won them a berth into the Provincials at Weyburn, consisted of the following Admiral students: MURRAY SPETZ, LILIANNE RUEST, RANDY SPETZ, AND WAYNE MAGNUSON. They placed in the top half. Well done!

Many of the runners along with their coach, Mr. Jim Olson, took part in two other meets. One in Saskatoon called THE SLED-DOG RACE, and another at P.A. called THE SPRING FLIGHT. At all of these MEETS the members have shown great spirit and strategy in their running skills. Many thanks to Mr. Jim Olson and others involved in making these trips possible.

SPRING-BREAK SKI TRIP

This was the highlight of our Ski Club events. A chartered bus took 32 of us from Admiral, Keniston and P.A. to the posh White-fish Ski Resort in the BIG MOUNTAIN SKI AREA in Montana, USA. We spent five days there in chalets that were more like mansions - fireplaces, colour T.V., dishwashers, the works! We did our skiing from 9:00 to 4:30, then we would go down the mountain and relax in our cabins, listen to music, watch T V, and cook our meals. The boys soon learned to use their male charms and got the girls to give them a hand with the meals. At least one photo on this page indicates this, but some of the boys decided to go it alone, as one other photo points out. This trip will remain in our memory for a long time. Thanks JIM and JANE for all your work in making this ski trip so memorable.

STUDENT COUNCIL

RICK SPETZ

Elections for the S.R.C. took place much later than usual this year. Gisele Sherwick's nomination for President had to be withdrawn when she met with an unfortunate accident, which kept her hospitalized for the most part of Semester I. At Christmas we went back to "square one", and held elections without her.

Thanks to the student body for electing me President, and later on for making the task much easier by your co-operation. Several activities were undertaken for the remainder of the year. Two of them stand out as having been worth the while - Spirit Week and the Work-A-Thon. Due to the efforts of everyone of you, they were a huge success. Ball uniforms were ordered but because we organized late, they did not arrive in time to be used this season.

I wish to express my gratitude to my fellow-council members, and to the various teachers, for all their help and ideas to get us off the ground. A special thanks goes to our staff advisor, Mr. Eddingfield, for his guidance and wisdom in directing our S.R.C. activities. Also a big thank you to Gail who looked after the secretarial and financial end of things. Thank you all for a rewarding year, and good luck to the incoming executive!

MERRY CHRISTMAS TO ALL

SPIRIT WEEK

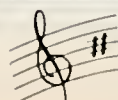

SPIRIT WEEK took off with an even greater bang than last year. Unique activities and mode of wearing apparel for each day of the week, kept the interest high. Hat and Tie Day brought out such a parade of head-gear as to turn even greener with envy, the little green men from outer space. On one other day, the profs had difficulty telling the jills from the jacks, so well-disguised were they - complete with matching heels and purses. Beaux and Belles' Day was hilarious with the boys collecting bells from the girls, and the girls collecting bows from the boys - or was it the other way around... one precious little "belle" it was noted had come all the way from Sweden... And so it continued on all week with very few penalties meted out since everyone got into the "Spirit" of things.

EDUCATION WEEK

Observance of Education Week, March 2-8, 1980, was a variation on the theme - CELEBRATE SASKATCHEWAN. Mrs. Dora McCann gave a vivid talk on the lifestyles of the Pioneer Family. The next afternoon a member of the RCMP of the Shaunavon detachment gave an account of the history, previous to settlement of our area, of that famous police force. The evening of March 6, was designated as Games Night. A large crowd turned out to participate in games in the rink, the gym and the classrooms. Everyone agreed that the pioneers certainly knew how to enjoy a brisk game of broomball, whether it was played on the frozen Creek or a modern indoor rink as we do today. For the parents who like their games a little less physical, there was Norwegian whist or "crib" to bring back a bit of nostalgia. Others chose quiet "parlor games", and some volunteered to babysit the wee ones. All things considered, Education Week, 1980 was a very worthwhile activity.

We hope that you will enjoy this edition of our yearbook "THE LOG". The purpose of this book is primarily to bring back memories of the 79-80 school year at Admiral High School. However, this year we had another purpose in mind. Our province was having an anniversary - a seventy-fifth anniversary of its provincehood, and we wanted to do something through our school annual, that would link all former students of A.H.S. in one big kindred spirit. We became aware that financially we could not include every student who had ever walked through the portals of that institution. Our limited budget would not withstand the extra pages needed to include everyone.

After perusing photostatic copies of the registers, kindly made available to us by permission of the School Division, we reached a decision to include all the students who had been enrolled in Grade XII, as well as the high school teachers, for the years 1957-1979, both inclusive. The cut-off year 1957 was chosen since that was the first time, to our knowledge, that a graduation banquet and exercises were held to honor graduates in our school.

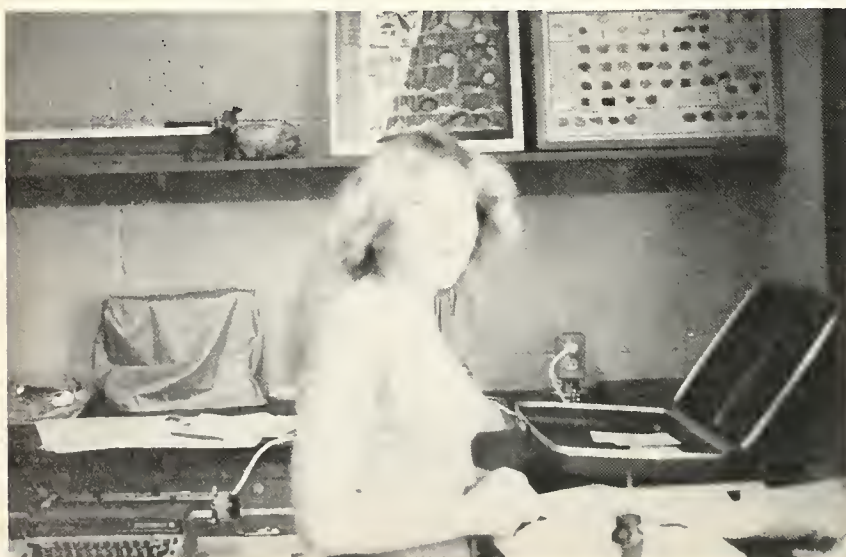

We then made up a list, and came up with 199 names. After much research for the addresses of these former students, and Wednesday after-school workshops, as well as work during the summer months, we are proud to be able to include in this CELEBRATE SASKATCHEWAN EDITION of "THE LOG", a supplement on the Alumni. We hope that this will help to form a kindred bond among the past and present students of Admiral High School.

Personally, I would like to thank the Yearbook Committee 1980, whose nine members contributed so generously of their time and ideas to get this edition "off the ground". Through such activities as a skate-a-thon, bake sales, and the contributions of our faithful advertisers and parents, we were able to keep the "LOG" afloat. Your combined efforts will be recorded for all times in the annals of our school, during this seventy-fifth celebration of Saskatchewan's birth date. The Committee joins me in thanking Mrs. Theis, our staff advisor, for her dedication to the yearbook over the years. Thank you for making us reach beyond our grasp.

May all students past or present find much enjoyment from the pages of this book.

Your Editor,

Gail Spetz

SAILING AWAY

MAY 2, 1980

THE BANQUET

MR. DONALD FRIESEN
ASKED THE BLESSING

COMMENCEMENT

Dear Graduands!

Congratulations on your achievements to this point, on your decorations, your own personal appearance, and last, but by no means least, your choice of theme. What great images can be conjured up by these two simple words - "SAILING AWAY". We hope this theme means that you are sailing toward your goals and not sailing away to escape something.

As you sail onward you will, like the great captains of the past, be sailing towards a new world beset by trials and tribulations, and fraught with dangers. May you ever sail to meet life's challenges, may your good ship roll with the breakers, but may it rarely drift with the wind and tide.

May you, like the great Ulysses, make use of every hour the good God has given you, and even sailing into the sunset, may you shine in usefulness.

Remember the words of Christopher Columbus when his men had given up all hope, and they asked what they should do if land was not sighted by dawn of the one hundredth storm-swept day. Columbus gave the world one of its greatest lessons; his words leaped like a leaping sword "SAIL ON, SAIL ON, SAIL ON AND ON!"

I ask you to remember that no one will ever have more genuine interest in your well being and your achievements than the staff of your school. We hope we may have, in some small way, helped you to find yourselves.

MISS BRENDA NELSON

Twelve years have passed since we first embarked upon our major educational journey. Over the years many people have shared our various experiences: our parents, our teachers and our friends. Our parents have given us encouragement and love, not only when the waters were calm, but especially when the going was rough. Our teachers have shared their knowledge with us, and have shown an interest in us when we sailed over troubled waters. Our friends have been our steadfast and loyal companions, as together we leave behind our childhood, and cross the bridge into adulthood. To all these people, we the Class of 1980, owe them our deepest appreciation.

Soon our course in life will be changed. We will be leaving this sheltered port that we call home, and we will be "Sailing Away" from our families, our friends and the good ship A.H.S. We look forward to it all but with mixed emotions of joy and sadness. However, the leadership we have received over the past twelve years will enable us to set sail with a certain measure of confidence into uncharted ports and unknown waters.

And now, as this glittering evening draws to a close, we are reluctant to leave, but we have chosen our course and our careers. We must ply onward in little barks of our own. And some day in the future, as we read over our ship's log of the events of our Graduation Day, we will recall it as a very pleasant memory. Thank you everyone for making it just that.

GRAD FAREWELL

Tonight my friend as I look at you
 I remember all the good times and things we used to do.
 I remember the joy, the pain, and the sorrow.
 But, we've got tonight, not tomorrow.
 We'll give tonight a kiss good-bye
 When tomorrow comes, not knowing when or why.
 For when tomorrow arrives we'll separate and start new lives.
 But for tonight our moments we'll share,
 Talking and laughing, showing we care.
 So hold on to your yesterdays,
 But leave room for tomorrow,
 Because we've got tonight and it holds no sorrow.

SOMETIMES YOU HAVE TO GO OUT ON A LIMB!

HAVE YOU EVER SEEN ONE OF THESE UP CLOSE?

THE GREATEST THING IN LIFE IS TO BE NEEDED.

LONDON / BRITAIN TOUR

Four lucky (loaded) students from our school- VICKY KENDALL, MICHAEL CÔTÉ, BARBARA KOCH and SHEILA KENDALL, during their Spring Break, took the Shaunavon School Division No. 71 approved, 14 - day tour of London and Britain. How fortunate they were to be able to see so many of the cultural roots of our own English language! Below are a few of the highlights of their trip that they photographed.

- Going to Calgary by slow bus ... Vicky and Sheila Kendall.
 - The Air Canada plane to London, Eng.
 - Tour of the London Tube - subway system. Barbara Koch and Sheila.
 - Orientation Tour of London by chartered coach.
Note Michael Côté catching forty winks.
 - Visit to London Tower Museum and London Bridge.
 - A rare view of the Houses of Parliament.
 - Watching the Changing of the Guard at Windsor Castle.
 - Visit to the Royal Observatory, Greenwich. Note Barb and Sheila "standing on" the Prime Meridian.
 - Trip to Bristol and a stop to see the famous Salisbury Cathedral.
 - A stop at Stonehenge.
 - Could be Wordsworth's beloved Lake District with that host of daffodils.
 - Historic York Cathedral.
 - City of York, and the town's finest.
- On the next page (from left to right).
- The real Anne Hathaway's Cottage, on Stratford-on-Avon,
 - More sightseeing in London - Petticoat Lane, the textile section.
 - The return flight home. Note a wide-awake Mike.
 - Displaying our souvenir T-shirts back home.

MORE TRIPS

Mr. and Mrs. Lionel Duclos were hosts to an exchange student from Boucherville, Que., a suburb of Montreal, during the first two weeks of July. Nathalie Massicotte who was matched with Rachelle Duclos of A.H.S. by the sponsors of the trip - The Canadian Council Of Christians And Jews, spent two weeks in Admiral in order to perfect her oral English. In return Rachelle spent the last two weeks in July at the home of the Massicotte's in Montreal in order to improve her oral communication in French. The families of each of the girls provided extra activities for the exchange student. Rachelle Duclos enjoyed a trip to the capital city of Quebec. Both girls enjoyed the cultural exchanges.

TRIP TO THE LAKE

It was the Elementary School's annual trek to The Lac Pelletier Regional Park. Well supplied with fishing reels, freshly-dug worms, food, swim suits and suntan lotion, some mothers, a few fathers, teachers, and a contingent of hyper kids, we were well prepared to spend the day in homage to the Sun God.

They paddled, they swam, they caught perch, they made castles in the sand, they chased butterflies, they ate and they laughed. It was one grand and glorious note on which to end the school year.

Life is full of memories
As time rolls on its way,
And the present shall become
A memory, too, some day.

Good-Bye

ADMIRAL HIGH SCHOOL GRADE TWELVE ALUMNI TEACHERS SECRETARIES

1957 - 1980

The Province of Saskatchewan is celebrating a birthday this year. It will be seventy-five years old on September 4, 1980. This is a comparatively youthful age, as provinces go. Along with its twin province of Alberta, Saskatchewan is the second youngest member in the family of Canadian Confederation.

The anniversary celebrations carried out throughout the province are indicative of the varied cultures which make up our Saskatchewan heritage. The festivities have ranged from fairs, homecomings, reunions, to a huge birthday cake in Regina which took over an hour to distribute, to the largest display of fireworks ever to be seen anywhere in Saskatchewan.

Admiral School wanted to do something special, also, to mark this important anniversary of Saskatchewan's provincehood. The Yearbook Committee came up with the idea of preparing a list of former Grade XII students, teachers and secretaries, then of asking each one to submit a short write-up of his or her activities since leaving Admiral High School. The Committee would have liked to include everyone who passed through the doors of A.H.S., however it would have been too extensive and costly a project for a committee of only nine members.

Instead, the arbitrary years 1957-1980 were chosen, also we had to limit the students only to those who had been enrolled in Grade XII during these years. If your name does not appear on the following pages, we have to presume that the letter requesting your history did not reach you, or that the correct address was never found. This we regret. The Yearbook group sent out 200 requests for histories, and 150 replies were received. Thank you for taking time out of your busy schedules, in order that we may be able to compile this list of a sort of Admiral High School alumni.

The replies came all the way from Newfoundland to Vancouver Island, B. C. Former Admiral students and teachers are a very mobile group, indeed. Many of the former students were right here in Saskatchewan, while some were as far away as Australia. Thank you for being so faithful to a demand. Our hope is that these histories of former classmates and teachers, will bring to mind many pleasant memories of your days spent at either the 'old school' or the 'new school'. Perhaps you will find a common bond that links all of us in one kindred spirit. To us during this 75th anniversary of the founding of our province, this appreciation of your "alma mater" is another reason to -

"CELEBRATE SASKATCHEWAN"

MR. and MRS. BOYD ANDERSON

ANDERSON, MRS. RITA (Goddu) (1972), Shaunavon, Sask.

Following graduation from A.H.S., I worked at various jobs which took me from Shaunavon to Swift Current, then to Red Deer, Alberta. I returned to Regina, Sask., in 1975 to take a Secretarial Course at Reliance College. I have been employed at the Shaunavon Town Office since completion of my course.

I married Boyd Anderson of Shaunavon, in June 1978, and we reside at Southfork, Sask., where he is employed with the Pioneer Grain Company, as a grain-buyer. I drive to work in Shaunavon.

My biggest interest has always been sports. I love to play softball; I played with the Shaunavon Ladies' Team for three years. I also got involved with the Shaunavon Ladies' Field-Hockey Team. We played in several tournaments in Saskatoon, and we

played at the Saskatchewan Summer Games, 1978, in Swift Current. We didn't bring home any prizes, but we had a good time. I also enjoy biking, swimming and golfing in the summer, and curling and skating in the winter. Other interests include travelling, dancing, reading, as well as working in the yard and gardening. I have travelled in Canada from Coast to Coast, and to various places in the U.S.A. However, my next goal is to travel to a warm tropical country in winter.

.....

AUGER, DENNIS M. (1965), Swift Current, Sask.

After graduating in 1965, I worked for the Bank of Nova Scotia in Moose Jaw. Later I was transferred to Portage La Prairie, Man. Shortly afterward I left the Bank and enrolled at the University of Regina. In 1967 I began working for the Canada Post Office in Swift Current, first as a Letter Carrier. I was delivering mail to over 525 homes. I found the work very interesting, because you met so many people. After six and one-half years of this type of work, I took employment as an inside worker - a Postal Clerk, here in Swift Current, and I work permanently on the midnight shift - from 12:30 A.M. to 9:00 A.M. I have been to three Educational Seminars in regards to my work in the Post Office - two in Vancouver and one in Winnipeg.

In June of 1972, I was married to Irene Bonneville of Ponteix. She was employed at the Library in Swift Current until the birth of our daughter, Annette on June 26, 1977.

MR. and MRS. DENNIS AUGER WITH THEIR YOUNG DAUGHTER ANNETTE

My interests in reading have not diminished since I graduated from A.H.S. I have a collection of well over 250 books on such subjects as History, Natural Science, Geography, Travel, and Arts and Crafts. This year I am also involved with my church group at Sacred Heart Parish. We sponsored a Vietnamese Family. This work has been very rewarding.

BACKSTROM, MRS. JACQUELINE (Longtin) (1972), Simmie, Sask.

Jackie graduated from A.H.S. in June, 1972. In the spring of '73 she married Monte Backstrom of Simmie. The couple lived in Simmie where Monte worked for the Saskatchewan Wheat Pool as a grain-buyer. In the spring of 1976 they began to farm on a full time basis, and in 1977 they moved to reside on the farm formerly occupied by Art Backstrom. They have two daughters - Sheri born in 1974, and Stacey born in 1977. Sheri began her schooling in Simmie as part of the Kindergarten Class of '79.

.....

BALL, MRS. ERNA (Braun) (1968), Delta, B.C.

Upon leaving A.H.S., I entered the Grey Nuns' School of Nursing in Regina. I soon discovered that it was not what I wished to pursue as a career. I left Regina for Calgary where I worked for Alberta Government Telephones, until I married my

husband, John. He has been transferred a few times, consequently we have lived in Vancouver, then back to Calgary, and back to the Vancouver area where we presently reside with our three children, David who is 13, Deborah 12, and Darren 11 years old.

We have done a lot of travelling - to France, England, Mexico City and Puerto Vallarta in Mexico, California, the Bahamas, Hawaii and Maui. Our favorite city was Paris, and our favorite 'relaxing spot' was Maui. In my opinion, I believe Vancouver to be one of the most beautiful and lush cities of the world, and Canada, the country with the most opportunities. We as Canadians should be very proud of our land.

Recently, I completed a course in Real Estate and Sub-Mortgage Brokerage from the University of British Columbia, and plan on entering a career in this field. For relaxation I find golfing and raquetball very enjoyable.

THE BANGLES

Back Row:- (L-R) MR. STUART BANGLE,
EARL, STEVEN, MRS. LOIS BANGLE.
Front Row:- BARBARA, TUFFY- the dog,
and JOANNE.

BANGLE, MRS. LOIS (Lloyd) (1957), Warren, Man.

In 1957, A.H.S. held its first Grade XII Graduation Banquet and Exercises. Lois Bangle (Lloyd) was a member of that first Graduation.

Lois attended Teachers' College in Moose Jaw, Sask., for one year, and she began her teaching career at Lakeview School in Regina. She remained there for three years. During these years she upgraded her teaching certificate by taking University classes in the evening or at summer sessions.

In August 1961, she was married to Stuart Bangle formerly of Admiral, and now in the Air force stationed at Cold Lake, Alberta. While at Cold Lake, Lois taught Junior High School, and both she and her husband took a keen interest in curling and bowling. Their first son, Steven was born there in December '62. In the spring of '63 the Bangle family was transferred to Germany. They were there until 1967. Their second son, Earl, was born in 4Wing Red Cross Station in 1964. This was also the year that Stuart and his rink of curlers were flown back to Canada to compete in the RCAF Championships at Winnipeg. They won second place.

During their four years in Germany, the Bangles travelled extensively. Their leisure time was spent driving along the Rhine, the Black Forest; visiting ancient castles and notable structures. They visited Switzerland, Austria and Italy. They sailed in a gondola in Venice, camped by the Mediterranean shores, and swam in the Adriatic. They spent a lot of time visiting attractions in Holland and Belgium, and made a trip to see the magnificent Casino at Baden-Baden. On their return to Canada they were stationed in Winnipeg. In 1969, Stuart returned to civilian life and made Winnipeg their home. Their first daughter Joanne was born in 1969, and Barbara in 1974. Lois was also active in community work - the Cubs, the Cancer Society and school volunteer helper. In 1977 the family moved to Warren, Man., a small town not too far from Winnipeg. Her husband commutes to work, but the children can enjoy the advantages that life in a small town has to offer. The whole family is active in hockey, curling, figure skating, baseball and Sunday School. They enjoy landscaping their grounds and gardening.

THE BLAIRS

(L. to R.) LORI, SUZANNE, MR. and MRS. BLAIR, and SANDY.

BLAIR, JOHN (1959), ARMSTRONG, B.C.

In 1961 Jack married the former Gloria Goddu. They have three children. Sandy, the oldest is 18, Suzanne is 16 and Lori is 15. "We farmed in the Frenchville area for ten years, and we also did custom combining during that time in Texas and the northern States.

In '71 we moved to Armstrong B.c., and Jack obtained work at McLeod's By-Products, a rendering plant." He worked in the plant area, and drove the transport to Vancouver and other points in B.C. The company changed hands in 1978, at which time Jack was promoted to General Manager, the position he still holds.

Gloria worked for five years for the Armstrong Credit Union. She now works part time for the Vernon Credit Union.

Sandy graduated in 1979 and is now employed with a logging company. He is driving skidder in the Mica Dam country near Revelstoke. Suzanne will be taking her Grade XII in the fall, and Lori her Grade Ten.

"We are surrounded by very scenic country, so we do not have to travel very far in order to enjoy ourselves. We all like to go camping, boating and fishing in summer, and in the winter we enjoy going skiing... We've travelled to the Island a few times and have enjoyed Salmon Fishing and picking oysters. We also like to come back to the Prairies to visit our relatives and friends."

MARILYN BOLTON

BOLTON, MRS. MARILYN (Koch) (1976), Saskatoon, Sask.

Since leaving A.H.S. after graduating in 1976, Marilyn has had a very interesting and varied life style. Re-inforced with scholarships, she enrolled in Psychology at the University of Regina. In 1977 she accepted a substantial bursary to study French for the summer months, at Rivière-du-Loup in Québec.

Upon her return, she enrolled in the Bachelor of Science in Nursing degree program at the U.of S.in Saskatoon. In 1978 she was accepted in Canada World Youth. Marilyn spent ten weeks in P.E.I. and another ten weeks at Alma, Québec. After briefing in Ottawa, she left with a group for a Third World country in Africa. Then, back to Regina for the summer of '79 where she was employed teaching French to a group of preschoolers.

She returned to her studies at the U.of S. to continue her classes in degree nursing. Miss Koch met an Agriculture student, Kent Bolton from Kelliher. In June of this year, Kent and Marilyn were married in a ceremony at Swift Current. They plan on returning to Saskatoon in the fall to continue their educational goals.

For the first few years after graduating from Admiral High School, I remained at home, and took quite a break from books and any form of secondary education.

My interests in learning returned, and in the years that followed, I up-dated my education by taking short courses as well as instruction by correspondence. Then I obtained employment with the Admiral Credit Union. I have worked here for many years, and presently I am employed in the capacity of Assistant Manager. I am interested in keeping small towns such as ours from extinction. Presently, I am on the Admiral Town and Country Recreational Board.

BYMOEN, MRS. SHIRLEY (DUNHAM) (1961), Admiral.

Upon leaving A.H.S., I went to Swift Current Collegiate Institute and enrolled in a business course. I married Gordon Bymoan, and we moved back to Admiral in the spring of 1962. In 1963, we moved to the farm north of Admiral, where we have resided ever since. We have two sons, Warren and Craig. They both attend Admiral High School.

We take part in many activities and sports I enjoy sewing and ceramics. As a family, we go on camping trips when our work and the weather permit. In winter we enjoy downhill skiing, curling, snow-mobile riding and ice fishing. I was involved in the 4-H Beef Club as a Leader for three years. I was President of the Admiral Home and School Association for one year, and President of the Simmie Ladies' Curling Club for two years. I also tried my hand at salesmanship, I sold Tupperware for one year.

My hopes for the future are quite attainable. I hope to master the art of oil-painting. I would like to travel to some far away exotic places such as the Bahamas, the Hawaiian Islands and Australia. Just give us time!

CARR, MR. GREGORY (Teacher - 1971-1980), Regina, Sask.

Mr. Carr was born at Nipawin, Sask. He's a graduate of the University of Saskatchewan with Bachelor of Arts, and Bachelor of Education degrees. He has majors in Psychology, History and English.

From September 1971 to June 1980, Mr. Carr taught English and History in Admiral High School. (Mr. Carr also had a Remedial Class in Grade VII Mathematics....for part of a semester, once upon a time.) He coached High School Curling, Football and Boys' Softball during these years. He's an ardent curler himself, and played out of the Shaunavon Curling Club. He played softball every summer, and was catching for the team who made it to the Provincial Playdowns a few years ago. Mr. Greg Carr was Mayor of Admiral for several years, as well as being an active member of the Town and Country Recreation Board.

Mr. Carr was President of the Shaunavon Constituency N.D.P. Association, for the last years. His special interests are threefold: Photography, Politics, and Poetry. They have one daughter, Tracey Lynn, who will be taking her Grade Nine in September. The Carrs now reside in the city of Regina where Greg is employed since July 1, 1980, by the Department Of Tourism And Renewable Resources. The students and the teaching staff of A.H.S. would like to wish Mr. Carr, much success and satisfaction in his new position.

CATCHLOVE, MRS. LORETTA (Braun) (1962),
Glengowrie, South Australia.

Upon leaving A.H.S. in 1962, I was employed by Sask-Tel for two and one half years as a long distance operator. Then I worked for six years for the Alberta Government Telephones, first as an Operator, then as a Junior Supervisor, and later I was promoted to Senior Training Supervisor.

In 1972, I decided to go on a working holiday to Australia. I travelled to the South Seas on the ship the "Orsena". I stayed three weeks in New Zealand, then travelled to Australia by the Canberra ship. I settled in Adelaide where my sister, Nancy, and her husband Jim McCann were living. Jim and Nancy are both graduates of Admiral High School. Jim was teaching school in Adelaide. After three weeks there, I landed a position with a dental firm. I have worked for them now, for almost eight years, first as a Dental Receptionist. Then I took courses to up-grade my position. I became a Dental Assistant, then I studied Technical Dental Radiography, which I passed with distinction.

On November 25, 1978, I was married to Alvin Catchlove. Alvin is a Dental Technician and Laboratory Manager. He enjoys sports. He has played Squash for three years. My hobbies include - macrame, wood-working, upholstery and gardening. We are looking forward to a trip to Canada, soon.

CHARLENE and MARCEL CODERRE

CODERRE, MR. MARCEL (Teacher - 1971-1975),
Shaunavon, Sask.

Since leaving Admiral in June, 1975, I married Miss Charlene Hayes of Simmie, who is also a teacher. We live on the farm formerly 'homesteaded' by my Grandfather. It is situated 14 miles N.W. of Shaunavon. I'm presently completing my third year of teaching at Creston School, the Hutterian Brethren Bench Colony.

Charlene is also teaching. She is on part-time basis at the Eastend School.

Our home is located at the bottom of a small valley, near a meandering creek. It is here that we can observe nature in a peaceful setting. The deer, the coyote, the rabbit and the hawk have no fear of man; they range undisturbed in this little corner of the world.

We are planning to spend another summer at the University of Saskatchewan. Both of us are working towards a Bachelor's degree in Education.

.....

COOPER, ALLAN (1974), Admiral, Saskatchewan.

After graduating from Admiral High School in 1974, I worked on the Cooper family farm for two summers, and at various other jobs for one winter. In the fall of 1975, I enrolled in the School of Agriculture at the University of Saskatchewan, in Saskatoon, for a two-year course. I worked at the Nutana Curling Club as an assistant to the Manager, during the two winters I was in Saskatoon. It was a good and profitable method of using up any spare time you might have had. I was graduated in May, 1978, with a Diploma in Agriculture.

In November of that year, I married Miss Donna Gibson of Rockhaven, Sask., a Registered Nurse I had met while I was in Saskatoon. We have our own home on the family farm, and Donna commutes to her work in Swift Current every day. In November of 1979, we took a trip to Hawaii as a belated honeymoon.

We are both active members of the Recreation Board. I'm Vice-President of the Admiral Wheat Pool Committee, and both of us are members of St. Andrews United here in Admiral. We enjoy baseball and curling, but Alpine Skiing is our favorite sport.

COLETTE and ADRIEN CÔTE

CÔTE, ADRIEN (1974), Admiral, Sask.

I graduated from A.H.S. in June, 1974. Since that time, I have been wheat farming in the Admiral area. For the first three winters after leaving school, I worked in Winnipeg for D.A.W. Steel, Clarke Transportation and McCosham Van Lines.

In June 1977, I was married to Miss Colette Bernard. We reside on the land formerly occupied by the Rodolphe Côté family. Our newly built home is approximately eight miles south of the town of Admiral.

CÔTÉ, MRS. COLETTE (Teacher, Secretary, September 1978-), Admiral, Sask.

I am originally from Haywood, Manitoba, a small town about 90 Km. southwest of the city of Winnipeg. I completed my high school education at St. Claude Collegiate in June 1973. St. Claude is located 10 Km from Haywood. Following that, I attended the Collège de St. Boniface, affiliated to the University of Manitoba, and graduated with a Bachelor of Education degree in 1977.

After my marriage to Adrien Côté on June 4, 1977, I moved to Saskatchewan to a farm south of Admiral. Later we moved to our new home, just a short distance away. In January, 1978, we spent one month on a belated honeymoon to Florida.

I began my teaching career in A.H.S. in September 1978. I taught all the Typing classes from Grades 9-12, as well as a few French classes. The remainder of the time I did school secretarial work. Since September 1980, I have been employed as a full time teacher of Typing and French in Admiral High School.

Our little daughter was born July 19, 1980. We have named her Leanne Mary.

Following my graduation from A.H.S., I attended Teachers' College in Moose Jaw, Sask. In the summer of 1959, I was married to Maurice Côté of Admiral, and we made Medicine Hat, Alta. our home. I taught school near Medicine Hat for one year.

Maurice and I have a family of three girls and two boys. Rosalie (19), is taking a 2-year program in Fashion Merchandising Technology from Olds College. Michèle (17), is a graduate of the Class of '80 of McCoy High School in Medicine Hat. She was a member of the Senior Basketball Team. She plans on taking a 1-year course in Floriculture. Craig (16), is attending McCoy and is in Grade XI. He enjoys playing ball and camping. He works part-time at a Service Station. Maureen (15), is taking Grade IX, also at McCoy. She's on the Junior Basketball Team, and plays Volleyball, and does Track and Field. Carey (10) is in Grade V at St. Louis School. His extra time is spent looking after his pets and learning to play the accordion.

Maurice has his own company, M. and R. Heating and Cooling, which he operates out of his own home. He enjoys to relax by hunting and fishing. I taught ECS for the City of Medicine Hat for five years. At present, I'm on a Pilot Project with the Medicine Hat Catholic Board of Education, teaching ECS to 5 and 6-year olds at St. Louis School. I plan on completing my Bachelor of Education in Early Childhood Science this summer.

CÔTÉ, MRS. MARGARET (McGovern) (1958), Admiral, Sask.

"After leaving Admiral High School, I completed a Secretarial Course at the Swift Current Comprehensive High School.

I married Marcel Côté of Cadillac, Saskatchewan, on October 31, 1959. Marcel had been employed at the Research Station in Swift Current. In the spring of 1960, we moved to Admiral, and we have remained on the farm, two and one-half miles south-east of town, ever since. We have two sons, Michael in Grade XI, and Gaston in Grade VII. We spend our spare time involved in Community Affairs."

Marcel was on the Municipal Council for many years, and gave much technical knowledge when the new skating rink was built in town. Margaret was on The Town And Country Recreation Board in the capacity of Secretary-treasurer when the Recreation Centre was built, and Treasurer when Admiral hosted the Regional Winter Games in January 1978. Presently Mrs. Côté is on the South-West Recreational Board. She is also part-owner of a Saskatchewan Handicraft shop in the town. Michael has been the senior photographer for the school yearbook.

CURRENCE, MRS. LOIS (Francis) (1975),
Simmie, Saskatchewan.

After graduating from Admiral High School in 1975, I married Randy Currence of Simmie. For a short while after our marriage, we lived in Crichton, Sask., but after the sudden death of Randy's father in 1976, we moved to Simmie to take over operation of the farm.

We have two children, our son Curtis will be five and will be attending Kindergarten Classes in Simmie. Our daughter, Karina is going on three.

MR. and MRS. RICHARD CARLSON
AND DAUGHTER RONDA.

CARLSON, MRS. ARDIS (Scansen) (1973),
Ponteix, Saskatchewan.

After leaving Admiral High School, I was married to Richard Carlson of Ponteix. We have a little daughter, Ronda, who was born in 1975.

When we were first married, we lived on a farm south of Ponteix, in the Glenvern District. In 1977, we purchased more farm land, and we moved farther south to a place twenty-two miles south, and one mile west of Ponteix. This is where we are presently living. We already have made improvements to our farm.

I have taken several Community College Classes, one of which was a St. John's Ambulance First Aid Class, and another was Cake Decorating. In winter we enjoy curling, and in summer I enjoy gardening.

DRAGA, MRS. MARGERY (Hedstom) (1961), Calgary, Alberta.

Since leaving the hallways of A.H.S., I took a Commercial Course in Regina, Sask., and worked for a loan company.

In July, 1963, I married Frank J. Draga, and we presently reside in Calgary, Alberta. We have four lively boys - Blake, Darcy, Raymond and Joe. They are all going to school. They all take part in school sports, especially baseball, hockey, soccer, or any other seasonal sport going on in school. As a family we are all very keen on snowmobiling, so we go out as often as possible.

At the present time, I'm working for the Federal Government in Calgary. My husband, Frank drives an 18-wheeler. This takes him away from home at times.

DUCLOS, MRS. CARROL (Green) (1964), Cadillac, Sask.

After graduating from A.H.S. in 1964, I began working as Telephone Operator for Sask - Tel in the Shaunavon office. In April of 1965, I married Lionel Duclos of Cadillac. In June of that year, we moved to a farm 17 miles N.E. of Admiral, and we have resided there ever since.

We have four children who all attend Admiral School. Rachelle completed her Grade IX in June. She was chosen for a trip to Montreal at the end of July as an exchange student to re-enforce her oral French. Rickey will be taking Grade VIII, Gloria Grade VI, and our youngest, Gail, will be in IV. My husband, Lionel, has been driving a school bus for many years. We have been taking an active part in a group called, Marriage Encounter. I enjoy knitting, mainly bedspreads; gardening in summer; and reading whenever time permits.

DUCLOS, MRS. LINDA (McCann) (1964), Cadillac, Sask.

After graduating from A.H.S. in 1964, I took up employment with the Royal Bank of Canada in Cadillac. I held that position until February of 1968.

Roger Duclos and I were married in 1967. We have two children - Michael in Grade VII, and Lisa in Grade VI. They travel to Admiral School by bus. Our farm is situated in the Vallée Ste Claire area, N.E. of Admiral.

A few years ago, we undertook to give some foster children a home. We had four children at one time. We still have Terri-Ann living with us.

I became very interested in ceramics some time ago, and I have a small shop in my home. My family is my main interest, but I still find time to play my piano-accordion and do some gardening. We are always involved with the children's school activities, as well as the Admiral Community undertakings.

DUCLOS, RAYMOND (1967), Cadillac, Saskatchewan.

After completion of High School in 1968, I worked on the Marcel Duclos family farm, located N.E. of the town of Admiral. I remained there until 1973, at which time I bought some land of my own.

In October of 1973, I married Miss Elaine Lamotte, the girl next door, and following our marriage we have been living in our own home on my father's farm. My wife and I have two sons - Jody born in 1974, and Jason born in 1976.

We carry-on a mixed farming operation. We raise cattle all year round. We manage to keep busy, with very little time for anything else. Our first son, Jody, now takes the bus everyday, and travels to Admiral School just like I used to back in the Sixties.

E

EDDINGFIELD, MR. W.A. (Principal - September 1965 -) Swift Current, Saskatchewan.

Having arrived on the Admiral scene for the fall term of 1965, and being still here, most people will know a large number of facts, and some fiction about me.

The facts are that I am married, my wife, Gladys, and I have two daughters. Juanita teaches Grade III in Simpson School in Yorkton. She is married to Lorne Brown of Brown Bros. Massey Ferguson dealership. Twila is married to Randy Parker of the Parker Agency, Real Estate and Insurance in Swift Current. Twila teaches Figure Skating in wintertime. They have a daughter, Natasha Marie, our only grandchild.

The second set of facts has to do with my job as principal of Admiral School. The staff and students have made my job easy, rewarding and very enjoyable. They won an ADMINISTRATION OF THE YEAR AWARD for me in 1978. You may have heard that I will be retiring in 1970, 1975, 1980, 1985 - the fact is I have not entertained that thought at all.

Good luck to the Yearbook Staff and the Director, Mrs. Theis, on this mammoth work you have undertaken.

SHEILA and STEVEN ELVES

ELVES, MRS. SHEILA (McBurney) (1971), Parksville, B.C.

After graduating from A.H.S. in 1971, I attended the University of Saskatchewan at Saskatoon for two years, majoring in mathematics. There I met, and later married Steven D. Elves.

Our first home was a 4'x 6' tent in the bush of the N.W.T., about 60 miles from the Arctic Circle. Not liking the cold, we moved back to Saskatoon in 1973, where Steve began a financial career. We were transferred to Grande Prairie in Jan. of 1974, to Prince George in March of '74, to Penticton in 1975, to Kamloops in '76, and finally in 1978 to Parksville, on Vancouver Island, where we are residing today.

Between packing and unpacking, I was able to pass my intermediate bookkeeping exams, and to reach the second level of the correspondence study program towards an R.I.A. designation with the Society of Industrial Accountants of B.C. Besides studying, I work full-time as an assistant accountant with the Toronto Dominion Bank.

With all of our moves, finally, we have a place with no snow, just beautiful beaches. We extend an invitation to those classmates who would like to see us.

After completing Grade XII at Admiral High School, in 1969, I went to Saskatoon for my post-secondary education. I enrolled at Kelsey Institute in a two-year Medical Laboratory Technologist program. I completed my training at Providence Hospital in Moose Jaw, Sask., and received my diploma in May, 1971.

Shortly after graduating, I obtained a position at Thompson, Manitoba, in the hospital there. On July 8, 1972, I married Allen Evesque of Cadillac.

For the first couple of years after we were married, we moved to Alberta for the winter, and returned to Cadillac in the spring to farm. Now we live on a farm north of Cadillac all year-round. We have four children, one daughter, Yvonne, and three sons, Bryce, Byron, and Cameron.

F

Since leaving the hallways of A.H.S. in 1962, much has happened. I worked for four years until my marriage to Gordon Fallis of Shaunavon, Sask. We have two boys - Kelly, who is 12, and Bradley, who is 10. In 1968 we moved to Stettler, Alta. and resided there for ten years. Two years ago we were transferred to Valleyview, in Northern Alberta.

While in Stettler, I belonged to the Kinettes and the Oilwives' Clubs for seven years, and held all executive positions at some time or another. I worked for a dentist for a number of years, and belonged to the Central Alberta Dental Assistants' Association.

Since moving to Valleyview, I went back to school, and received my diploma in 1979. Here in Valleyview, I am President of the Kinettes. We are also involved with Minor Hockey. I was co-ordinator for the Mite Hockey Team this last season. I am presently working full-time for a dentist in Valleyview, Alberta.

FRIESEN, MR. DONALD (Teacher, September 1977....)
Admiral, Saskatchewan.

Education always has been a big part of my life. After graduating from O.M. Irwin Collegiate in Swift Current, in 1967, I have been fortunate enough to attend post-secondary institutions for a total of five and one-half years. A Bachelor of Arts degree in Philosophy, and qualifications for a Teaching Certificate, are the tangible results of my studies at the University of Saskatchewan. Nevertheless, just as satisfying was the exposure to a wide variety of ideas. I have found teaching to be a demanding, but rewarding profession, and I find the intellectual stimulation received from teaching students most enjoyable.

GALLOWAY, MRS. CÉCILE (Perron) (1964), Cadillac, Sask.

Since leaving A.H.S. in 1964, I spent one year at the College of Education, University of Saskatchewan, Regina Campus. Then I upgraded my Teaching Certificate by taking summer classes, both at the Saskatoon and Regina Campuses. I obtained a teaching position at Christ the King Separate School in Shaunavon, Sask. I taught Grade II, and Oral French to Grades VII-IX.

In 1968, I was married to Neale Galloway of Cadillac. We moved to Cadillac at the time, and we still reside there. Neale works for the Department of Highways. We have four boys, George (12), Cory (9), Scott (8), and Trevor (4).

I do some substitute teaching in the Kindergarten, whenever it is needed, and I have done babysitting for working mothers. I am involved with the Home and School Association, and the Cadillac Recreation Board.

Since graduating from A.H.S., I attended a short course in Airlines Careers. Following that, I worked in Swift Current for nine months. In the fall of 1973, I enrolled at Kelsey Institute in Saskatoon in the two-year Diploma Nursing Program. I graduated in the summer of '75 as a R.N. I started my nursing career at the Swift Current Union Hospital. I nursed there until I was married in February, 1976. I was then employed at the Wilkie Union Hospital. I am still on their relief staff.

I am married to Darcy Glessing of Leipzig. We have two small sons, Sterling and Shawn.

My lifestyle is much the same as it was in Admiral. We live on a farm, and the crops grown, as well as the methods of farming, are similar to those in the Admiral district. I participate in community activities. For relaxation, we enjoy curling, softball, water skiing, snow skiing and travelling. Together, we have holidayed in Florida, Louisiana, the State of Mississippi, the Hawaiian Islands and the West Coast of Canada.

GODDU, ARMAND (1965), Admiral, Saskatchewan.

MR. ARMAND GODDU

I graduated in 1965 from A.H.S., and I drove a school bus until April of 1966. Following that, I went to Texas with my brother Richard to do custom combining. I've worked at construction - the new Pioneer Elevator in Admiral and the Comprehensive High School in Swift Current, to name a few. For several years, I have worked for oil companies, until I took over the operation of the Albert Goddu family farm in 1972.

In April of 1967, I married Miss Audrey Roach who is also a graduate of A.H.S. We have two children - our daughter Cherie is ten years old, and our son Nicky is six. He's a Kindergarten graduate of the Class of '79.

MRS. AUDREY GODDU

GODDU, MRS. AUDREY (Roach) (1966), Admiral, Saskatchewan.

Upon graduation in 1966, I was employed by Sask - Tel in Shaunavon, Sask. When the office was closed down in Shaunavon in 1969, I was transferred to the Swift Current Office. I was there until 1972.

Armand and I were married in 1967. We both continued with the work we were engaged in, I, in Swift Current at Sask-Tel, and Armand, at the various places where he worked on the oil wells. In 1972, I gave up telephone operating, and we moved to the farm situated twelve miles south of Admiral. Our two children travel by bus to Admiral Elementary School.

When Armand had to give up his position on the Wise Creek #77 Municipal Council, because of pressure from his work - (he works in the Oilfields in the winter and early spring, as well as operating a large farm, and raising cattle), I became the Councillor for Division #2. I am on many Committees and Boards: Admiral Town and Country Recreation Board, the Home and School Association (Admiral), the Southwest Nursing Home in Shaunavon, The Southwest Lodge, Shaunavon, the Chinook Regional Library, Cypress Hills Community College... In my 'spare time' I enjoy working with my horses. I have taken several riding classes both English and Western.

HAGEN, DOUGLAS (1977), Toronto, Ontario.

I graduated from A.H.S. in June, 1977. During that summer I applied on a job offer that I noticed in the Post Office. After going for interviews, writing two exams, getting finger-printed and filling out endless security clearance papers, I was notified that I had been accepted by Environment Canada, to train for a course. The course was given in Ottawa in a Government Institute. After several months of intensive training, I passed the course and acquired the title of Meteorological Observation Technician.

After further courses in Toronto, I became an Aerological Meteorological Observation Technician. I graduated from this program, second in the class.

I was posted to ALERT, N.W.T. for nine months, and was promoted to officer in charge for six weeks. Then, I did a stint at a place called Mould Bay, where I was placed in charge of the ten-man weather staff. We got a plane in once a month. In April, 1980. I applied and was accepted on a course which eventually qualified me as an ICE RECONNAISSANCE OBSERVER. This was a wonderful break for me. There are only twenty-four people in this section of Environment Canada, and at present I am the youngest person in Canada to hold this position. My work consists of monitoring ice location, formation, movement, in all of Canada's waterways. This is done from specially designed and equipped aircraft.

I am based out of Toronto presently, but due to my job description, I'm usually not in Toronto, but flying or sailing, somewhere between the North Pole and the Lakehead!

HAGEN, MRS. BEVERLY ANN (Spetz) (1971), Brooks, Alberta.

The year 1971 turned out to be a very exciting and busy one for me. Besides graduating in June from A.H.S., I was married to Keith Hagen, who also is a graduate of the same school - the boy next door, since both of our families farm in the same Admiral area. We resided in Swift Current for the first few months of our married life. Keith accepted a position with an accounting firm at Brooks, Alberta, and we moved there ten days before Christmas.

In Brooks, I was employed by the Royal Bank of Canada for five and one half years, first as a Teller, then as Senior Discount Clerk in the loans Department. My work provided me with an opportunity to meet with the people of our new community.

Our first child, Nicole Amber, was born on Christmas Day, 1977. What a Yuletide present to round out the year! Our second child, Aaron Dale, a son, was born in January, 1980. My job classification now is known as 'domestic engineer'. I still enjoy playing softball and curling as I did in my high school days in Admiral. My chief hobby is Genealogy. Recently, Keith and I have undertaken to learn the Norwegian language. Our fondest dream is to visit Norway someday.

HAGEN, KEITH (1966), Brooks, Alta.

I graduated from A.H.S., in June, 1966, with aspirations towards the accounting profession. In September of 1966, I began working for Wik, Jeffery, Stark & Mables, Chartered Accountants of Swift Current, Sask., and began the five years of Correspondence Courses, and Articling necessary to obtain the designation of Chartered Accountant.

After my marriage to Miss Beverly Spetz of Admiral, we resided in Swift Current until December 1971, then we moved to Brooks, Alta., where I was employed by Bevan, Hutch & Co. Chartered Accountants. In January of 1972, I was notified that I had completed successfully, the C.A. Course. I returned to Saskatchewan briefly, to receive my certificate.

In April, 1972, I was accepted into the Institute of Chartered Accountants' of Alberta. Two years later, in March 1974, I completed the necessary courses to receive the designation of Associate in the Chartered Institute of Secretaries (A.C.I.S.) which is recognized throughout the Commonwealth Countries. In September, 1974, I completed the needed studies to obtain the designation R.I.A. This completed my formal studies in the accounting, auditing and taxation fields. In May, 1975, I became a partner in the public accounting firm of Bevan, Hutch and Hagen, Chartered Accountants in Brooks, Alberta.

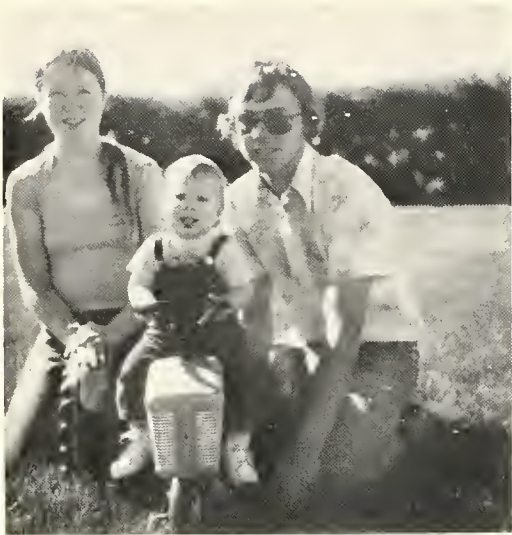

With my studies all behind me, I settled down to become a family man. Beverly and I are blessed with a daughter, Nicole, and a son, Aaron. I have been fairly active in community affairs. I have held most of the executive positions in the Brooks Kinsman's Club, the Dinosaur Toastmasters' Club, and the Brooks Curling Club. Recently, I was nominated to the Board of Directors of the Brooks Public Library for a three-year term.

My hobbies consist of Hunting, Fishing, Restoring antique vehicles, and farming whenever time will permit. I thoroughly enjoy visiting the Admiral Community, and I intend to spend more time in and around Admiral in the future.

HANNA, MR. RANDY (SPORTS TEACHER, 1971-1975), ROCANVILLE, SASK.

Since leaving Admiral, we have a new addition to our family - Robert Scott, born in October, 1978. We nickname him, "DEMO", (he is a one-man demolition crew.) Our daughter, Dian Lynn, was seven years old in June. She is completing Grade I, and thoroughly enjoys school. She participates in gymnastics and softball. My wife, Linda, gave up her job at the bank to take up the raising of the family, on a full-time basis.

I am still the P. E. Athletic Director of Rocanville High School. This year (1979-80), our school won a Provincial Award for the best Intramural System in Saskatchewan. Recently, I gave

a presentation concerning this system at Banff during a 5-day, National Intramural Conference. I am presently the coach of the following school teams: Tackle Football; Senior Girls' and Boys' Volleyball - the Senior Girls' Volleyball Team has won the Units four out of the last five years; Senior Girls' Basketball; Badminton; Gymnastics and Track & Field. I also hold a daily Raquetball session.

I'm a Charter member of the Lions' Club of Rocanville, and I hold a position as Director. I sat on the Recreation Board for two years. We, as a family, usually do a lot of camping during the summer months.

.....

HENRION, BRENT (1976), Admiral, Saskatchewan.

Upon leaving Admiral High School, I helped my Uncle on a Dairy Farm in Rush Lake. In 1977, I began training as a grain-buyer for the Pioneer Grain Elevator Co. in Admiral. I have been here since.

Brent has been actively involved in community activities of the Recreation Board. Every winter he coaches hockey, and in summer he is envolved with softball.

BRENT HENRION AT WORK IN THE PIONEER OFFICE

HAYNER, Cpl. FRED (1964), Fox Creek, Alberta.

After leaving Admiral High School, I joined the R.C.M.P. on January 10th, 1966. Recruit Training was taken in REGINA at Depot Division. I graduated in July of 1966.

I was first posted to the Lethbridge Detachment, and transferred to the following postings afterwards: Magrath Detachment, Claresholm Municipal, Bow Island Detachment, Lethbridge Detachment, Lethbridge Drug Squad, Lethbridge G.I.S., Lethbridge Cattle Section, and Fox Creek Detachment where I am posted at the present time. I was promoted to Corporal in October of 1975.

Since joining the R.C.M.P., I have obtained Certificates and Diplomas through the R.C.M.P. by attending the following courses in Edmonton and Ottawa: Breathalyzer Technician, Radar Speedmetre, Divisional Drug Training, Gambling Investigation Techniques, Firearms Instruction, Senior Investigation Techniques, Arson Investigation, Police Supervisors, and Firearms Control.

I was married to Miss Jean Harker of Magrath, on April 12th, 1969. We have a family of two sons and one daughter - Darren, Kevin and Marla.

I am presently involved with the Fox Creek Cubs as Assistant Leader, and Branch Service Officer for the Royal Canadian Legion, Branch 280, Fox Creek.

THE KEITH HEDSTROMS

Back row:- DEAN, MR. HEDSTROM, CRAIG. Front row:- MRS. HEDSTROM and JOLINE.

HEDSTROM, KEITH (1962), Admiral, Saskatchewan.

After leaving Admiral High School in 1962, I helped on the family farm of Alvar Hedstrom for a short while. Later, I joined a construction firm and helped to build the school gymnasium at Frontier, and after that worked on the construction of the Frontier Credit Union. It was about this point in time that I decided I liked farming much better than hammering nails all day. So, in the spring of '63, I decided to try farming on my own.....renting at first, as well as getting a lot of help from my Father. Today I am strictly a wheat farmer.

In July 1965, I married Miss Lorraine Hustoft, the true 'legendary girl next-door'. We have three children, two sons and one daughter, Dean, Craig and our near-Christmas present Joline in 1974. We moved from the town to our newly built home in the country, south-east of Admiral, less than one year ago. We are very happy there. Here is a flashback from my Admiral school days, which some of you will recall. We had been sent to the lab by our teacher, Mr. Linnen. This was the lab in the 'old school' and we didn't have gas

burners to work with in those days. One of the girls had filled the alcohol burner and it had overflowed down the front of her dress. When she lighted the burner, the whole front of her dress went up in flames. Not wanting Mr. Linnen to catch us, we tried to put the fire out quickly. One of the girls gave the dress a quick swipe with her hand, and the whole front of it disintegrated before our very eyes, falling to the floor in a burning heap. Luckily someone had the good sense to run for the fire-extinguisher. The fire was put out in a few seconds, and the shocked girl was enveloped in a cloud of foam to save her from further embarrassment. I bet Mr. Linnen wondered why (H. P.) wore her coat in class all that warm afternoon!

HEDSTROM, MRS. LORRAINE (Hustoft) (1964), Admiral, Saskatchewan.

I graduated in June, 1964, in a class of four girls. Today, I recall with pleasure all the fond memories that a small-town high school generates. I had dreams of becoming an Airline Hostess, so I enrolled in an Introductory Correspondence Course in AIRLINE TRAINING. When that plan did not materialize, I began working and training as a Nurses' Aide at the Swift Current Union Hospital, in the Children's Ward. I found my work very rewarding and enjoyable. I continued there until my marriage to Keith Hedstrom, in July of '65. We have three lively children, Dean, who will be attending the High School for the first time in the fall semester, will be in Grade VII; Craig, who will be in Grade V; and Joline, who has just graduated from Kindergarten, will be going into Grade I. They enjoy their new home in the country very much. The novelty of riding a schoolbus each day, and of taking a lunch pail with them, is still great.

Keith and I travelled to Europe in 1977. We attended the SILVER BROOM held in Sweden that spring. Afterwards, we visited many of Keith's relatives who reside in many parts of Sweden. Then, we called on some of my kinfolk who live in Scotland. We also spent some time in London, Eng., 'catching-up' with our modes of travel. We hope to go again sometime with our children. As a family, we like to do some Cross-Country Skiing; we all enjoy the sport of Archery; and we do some camping and fishing. Presently, I am on the executive of the Rec. Board.

.....

HENRION, MISS SHELLEY (1979), Admiral, Saskatchewan.

Upon graduating from Admiral High School, I enrolled at the Medicine Hat College in their Receptionist - Typist Program. After completion of the course, I returned to Saskatchewan for the summer months, and I obtained employment with Warner Construction Company as a Flag Girl, working south of Shaunavon. I plan on returning to Alberta in the fall to seek employment in the kind of work in which I trained.

HERRON, MR. FRED (Teacher, April-June 1969), Eastend, Saskatchewan.

Since my brief, but enjoyable experience at Admiral High School, we have lived in three other communities. I was in Climax School for three years as Principal, then Principal at Frontier for four years, now at Eastend, also employed by the Division Board of Trustees, but as the Director of Education. We have resided in Eastend for the last three years. We have two children - a daughter, Shalene is the eldest, and our son Shaun who was born when we lived in Climax.

Throughout my career, I have been interested and active in promoting the cause of education. The highlight of this involvement were the four years that I spent on the Executive of the Saskatchewan Teachers' Federation.

My wife Fay and I are very active in community affairs, particularly in minor sports and children's activities. Our family would like to commend Admiral High School for this tremendous undertaking, and to wish everyone health, happiness and success.

HINTZE, MRS. JUNE (Wilson) (1973), Elrose, Sask.

After leaving Admiral High School, I went to work in Rosetown, Sask. It was there that I met my husband, Ron Hintze. We were married in June of 1973. We live on a grain and livestock farm, five miles east of Elrose. Ron and I have three children, Michael, six years, Kenneth, three, and our little girl, Veronica, who is two years old. I am a District Convenor of the Hughton Women's Institute. I also hold a three-year term on the Hughton Hall Board.

HOFFARTH, MRS. SHARON (Dunham) (1975), Gull Lake, Saskatchewan.

Since graduating from A.H.S. in 1975, I received a Diploma in Nursing from Kelsey Institute in Saskatoon, Sask. I spent some time on the family farm at Admiral, and in January of 1979, I began my nursing career at the Gull Lake Union Hospital.

On July 12, 1980, I was married to Gerald Hoffarth, who farms North of Shaunavon. At present, I'm still nursing at the Gull Lake Union Hospital, and I enjoy the work very much.

JOHNSTON, DALE (1963), Medicine Hat, Alberta.

Upon moving to Medicine Hat with his family, during his Grade XII year, Dale enrolled in Crescent Heights High School, and graduated from that school in June, 1964. For a short time he worked at O.K.Economy, but he decided that farming was more to his liking than filling grocery shelves. Next he worked on the large farm of Le-roy Althen, near Medicine Hat, for five years. Then, when his father, Sam Johnston, was expanding his own farming and cattle operations, Dale went into partnership with him. They still carry on this same line of business together.

Since leaving Admiral High School, Mr. Dale Johnston has become a celebrity in the curling circles of the world. Dale was part of the rink which won the CANADIAN BRIER IN 1978. This was the highlight of his life. They travelled a lot that year, and were treated royally wherever they went. They also won the CBC - TV Championship Curling, as well as representing Canada at the SILVER BROOM in Switzerland. Admiral School is always proud of the achievements of its former students. We wish you continued success.

KECK, JACK (1966), Saskatoon, Saskatchewan.

Upon graduation from Admiral High School, I joined the staff of the Royal Bank in Vanguard, Sask. I worked there for one and one-half years. Following this, I joined the Shaunavon Co-operative where I gained experience in Accounting. Then, I filled the capacity of Office Manager at Beausejour Co-op in Manitoba, and Assiniboia Co-op respectively. Since 1973, my career has consisted of several management positions with Federated Co-operatives in Saskatoon. Presently, I am Senior Auditor with F.C.L., and have been completing courses for my Registered Industrial Accounting Degree.

I am married to the former Delores Willens of Saskatoon. The Saskatoon Golf and Country Club is a likely place to find me as soon as

spring arrives, as I have become an ardent golfer. I have been a member of this Club for five years, and for most of this time, I have served on the Finance Committee of the Club. I still enjoy Curling, and belonged to the Granite Curling Club. However, due to extensive travelling related to my employment during the winter season, curling on my part is somewhat curtailed. Other sports that I also enjoy are hunting and fishing.

KEISIG, MRS. DIANE (Goddu) (1964) Ituna, Sask.

After finishing my schooling at A.H.S. I was employed by Sask-Tel at Swift Current, until my marriage to Fred Keisig in 1965.

We live on a farm south of Ituna, Sask., and we specialize in the raising of Charolais Cattle.

Fred and I have four children - Frederick 14, Melanie 12, Travis 8, Lorraine 6. The older children have been in the 4-H Beef Club for the past five years, and they have taken many prizes with their full French Purebred Charolais calves. I have been secretary of our Community Club for six years. During this time we have enlarged our former country school, and we have made it into a popular hall for the whole Municipality. Fred and I and the oldest children all enjoy curling. We have done some travelling, to Texas, B.C., and we have visited the Al Oeming park in Alta.

KENDALL, MRS. GLORIA JEAN (Blair) (1961),
Cadillac, Saskatchewan.

I graduated from Admiral High School in 1961. In August of the same year, I married James Kendall of Cadillac. We resided in the town of Cadillac until 1963, then we moved to a farm six miles north of Crichton. For a brief time we were part owners of the Cadillac Hotel.

We have three daughters, Sherry who has just completed her first year at the U. of S. Vicky who will be taking her Grade XII in the fall, and the youngest, Sheila who will be in Grade XI. Vicky and Sheila went on a tour of London, and other parts of the British Isles during their Spring Break in April, 1980.

KOELLER, EVERETT J. (1965), Calgary, Alta.

Since leaving Admiral, Saskatchewan I have lived in Wilcox, Sask., Winnipeg, Red Deer, Edmonton and Calgary. After Grade XII I have added Accounting, as well as three levels of Real Estate Appraising courses to my education.

I met my wife, Yvette, in Winnipeg, we were married in Saskatoon in May of 1971. Yvette is from Delmas, Sask. We have two children, Dean born in February, 1973 and Dale born in June, 1976.

In 1975, I left Pacific Finance and formed a partnership with two other Shareholders. We have the following Companies: Calvert Home Mortgage Corporation Ltd.; Able Irrigation; Able Leasing; Able Industries; Able Marine; and Frontier Gas Testers.

We won a trip to Mexico in 1974, and I visited the U.K. in 1969. Our time is devoted to our immediate family, our business interests and our community. Yvette and I are both proud to have our roots in Saskatchewan. I personally pride myself on telling fellow Albertans that I hail from Admiral, Saskatchewan.

LACELLE, MRS. JANICE (Scansen) (1970), Cadillac, Sask

Immediately following my Grade XII graduation from Admiral High School in 1970, I enrolled in the two-year Diploma Nursing Program offered at the Saskatchewan Institute of Applied Arts and Sciences, (Kelsey Institute, now). I graduated as a Registered Nurse in August of 1972. I then joined the nursing staff of Swift Current Union Hospital. I was there for one year, then nursed at the Ponteix Union Hospital for two years. Also, I have been employed on a part time basis at St. Joseph's Nursing Home in Ponteix.

In October of 1973, I married Romeo Lacelle, a Cadillac district farmer. We have two children - a son Terry (4), and a daughter Juanita (3). We take an active interest in community affairs. I have been the community nurse for many events which require the presence of a nurse.

LARSON, DEAN (1974), deceased. Submitted by Miss Deanne Larson, Swift Current.

After finishing Grade XII at Admiral High School, Dean worked on the family farm until harvest was completed. At end of September, he enrolled at Herzing Institute in Winnipeg where he studied Computer Programming and Data Processing. In his spare time he worked at Pearlies Restaurant. In September 1975, he completed his course at Herzing, and received his Diploma at the graduation ceremonies of the Institute in November of 1975.

In October, he joined Simpson-Sears in the capacity of Computer Operator. His health began to fail, and in April 1976, Dean was admitted to Swift Current Union Hospital for treatment of a rare disease. He returned home for a few days in June for convalescence, but was re-admitted nine days later. He passed to his Eternal Home on July 8, 1976. He was laid to rest in a little country cemetery, only a few miles from his parental home.

LARSON, DEANNE (1974), Swift Current, Saskatchewan.

Since leaving Admiral High in June 1974, I have had three different jobs. The first was in Swift Current where I worked for Sask-Tel as a telephone operator for one year. In August of '75, I moved to The Hat and worked for an Answering Service. In January of 1976, I returned to Swift Current and joined the staff of The Sun, a bi-weekly newspaper. I began work there as an Advertising Sales Representative. I have since been awarded a Diploma in Advertising.

I have travelled extensively throughout Canada - the Coasts, the Maritimes, the Niagara Peninsula, the Yukon... In April of 1980, I took a two-week Cruise to the Caribbean. We stopped at several of the islands, and went as far south as Venezuela in South America.

My main interests are photography and sports. This year as well as playing, myself, in a softball league, I am also coaching a high School Girls' team. My goals are to travel the world; to continue my involvement in sports; and to finish setting up my own photography dark-room.

LEFLOUR, MRS. JANINE (Beauchamp) (1970), Winnipeg, Manitoba.

Since I left Admiral High School ten years ago, I have spent my time, mostly in Winnipeg. My first employment was Hostess at the Winnipeg International Airport. It was a very exciting job. I met a lot of interesting people. I left there because of the difficulty of getting through in winter time, and I lived across town from the airport. My next position was with Canada Safeway. I worked there for three years. It was very satisfying work. In 1971, I ran for queen at Safeway's Sweetheart Ball for the thirty-one stores in Winnipeg. For the last three years, I have worked as personnel clerk for a large packing plant. I have

just completed my first year in Accounting at the Red River Community College. When I first came to Winnipeg, I had taken a Beauty and Modelling course. I also completed an Income Tax course, as well as qualifying as a secretary.

I married Paul Leflour in 1971. We have a darling daughter, Tammy Lynn who was born in 1973. I enjoy my home and family very much. This Christmas, we plan on going to Los Angeles and Disneyland. The best to all my former classmates and teachers.

LIND, ALLEN (1971), Admiral, Sask.

After graduating from Admiral High School in 1971, I attended the University of Saskatchewan at Saskatoon for one year.

In 1972, I started my farming career on the family farm with my father, Lawrence, and my brother Carl. Our farm is located seven miles south of Admiral. We operate strictly a grain farm, no livestock. Between the three of us, we operate, probably, one of the largest privately owned wheat farms in Southern Saskatchewan.

On November 3, 1973, I married Miss Susan Panko, a former Admiral girl. Susan took all her High School at A.H.S. except Grade XII, which she took at Pon-teix High, because of a move there by the family. We have two children, the eldest a son, Ashley, born on March 17, 1976, and our little daughter Kerry, on May 30, just in time to be included in the photo above.

THE ALLEN LINDS

We both enjoy softball in our spare time during the summer. Susan plays on the Admiral Ladies' Team. I was on the Men's Team that made it to the Provincial Playdowns in P.A. a few summers ago. In the winter, my time is taken up with curling. We curl as a family unit (except for one curler), and we have been to the Southern Saskatchewan Playdowns three times. I was skipping the last two times. We both take part in many community activities. I have been president of the local Saskatchewan Wheat Pool Committee for the last seven years, and I am vice-president of the Immanuel Lutheran Church Council.

.....

LIND, CARL (1972), Admiral, Saskatchewan.

Soon after graduating from Admiral High School, I went into the wheat farming business with, Lawrence Lind, my father, and with my brother, Allen. On this family farm, located about seven miles south of town, we operate strictly a grain business. Our operations are rather extensive.

In 1977 I purchased a mobile home and located it approximately one-half mile south of the home place. I enjoy most sports, so I play on a softball team in the summer, and take in as many tournaments as time permits. I was also one of the players on that team that made it to the provincials. In winter I do a lot of curling. I play out of the Shaunavon Club on the LIND rink. I have been to the Southern Saskatchewan Brier Playdowns three times. Before the winter is over I usually manage to get in a few skiing trips as well.

LINNEN, ROBERT F. (Principal, 1943-1964) Admiral, Saskatchewan.

In August of 1943, I moved my family to Admiral, Sask., since I was taking over the principalship of Admiral School. This turned out to be no easy task; I taught all the subjects in Grades IX, X, XI and XII. For some reason, unknown to me, I managed to survive, and kept the principalship for 21 years. During these years, the old brick school was enlarged, and later, as the enrolment increased, a new high school was built.

My wife, Myrtle, and I, have a family of four sons and four daughters:- George Linnen of Estevan; Harold of Moose Jaw; Allan of Winnipeg; Harvey of Neville; and the girls:- Rose, Mrs. Moir of Admiral; Irene, Mrs. White of Owen Sound, Ontario; Elaine, Mrs. Schikowsky of Shaunavon and Donna, Mrs. Gerome Schikowski of Noth Instow.

After having taught for a total of 44 years, I retired on June 30, 1964. Since then, my health has improved greatly. I am past my 81st year, and

if I'm not gardening in summer, or shovelling snow in winter, you will find me wending my way around town, twice a day - once in the morning and once in the afternoon. It has been a very rewarding life.

LIVINGSTONE, MRS. MAXINE (Teacher: 1949-1957; 1963-1968), Shaunavon, Sask.

Since leaving Admiral School in June of 1968, I taught one year at Christ the King School in Shaunavon, Sask. Then, I retired from the teaching profession to devote full time to my farming interests. In 1956, I had bought five quarters of land south of Shaunavon, and in 1971, after the death of my husband, I was left with a lot of cultivated land as well as pasture land. So, I decided to stay on the farm and look after my interests. I rented out some of the land, and was fortunate enough to get someone to look after the cattle.

The following year a young machinist who had worked for us when he was only sixteen years old, was hired to do the farm work and tend to the cattle. He is still working here. My farm experiment has proved a success, and has provided me with something to do. When I want a change of routine from the farmwork, I go and visit my daughter Mary and her family in Moose Jaw.

MAGNUSON, GRANT WARREN (1972), Regina, Sask.

Grant graduated from Admiral High School in 1972. In November of that year he began a banking career with the Imperial Bank of Commerce at Assiniboia, Sask. And, thus began a series of promotional moves - in April, 1973, he was transferred to Lloydminster, Sask., as a Loans Clerk; in May 1974, to Mankota, in the capacity of Accountant; in September 1975, to Biggar, also as Accountant. After all these moves, Grant decided to leave the Bank, and to work on the family farm of Manly Magnuson, south of Admiral. He remained there until the end of 1977, when the lure of banking became irresistible. He joined the Staff of the Royal Bank of Canada, at their Shaunavon Branch. He is now the Branch Administration Officer.

In February 1973, Grant married Miss Jacquelin McBurney, also of Admiral. They have two small daughters, Lee Anne who is six years old, was born in Lloydminster, and Terri Lynn born April 20, 1976 in Swift Current.

Grant and Jacquelin have always been active in community affairs wherever their many transfers have taken them. In Shaunavon they were both involved with church activities, Grant - the Kinsmen, and Jackie - the Kinettes, as well as many others. As this book goes to press, Mr. and Mrs. Magnuson have just been notified that they will be transferred to Regina in the immediate future. Grant will be employed there by the Royal Bank of Canada in the Inspections Department.

MISS SHERRY MAGNUSON

MAGNUSON, MISS SHERRY (1977), Admiral, Saskatchewan.

I graduated from Admiral High School in 1977. In the fall of 1977, I was awarded the Governor General's Medal for Scholastic Ability and Leadership. I will cherish that honor for the rest of my life. Since September, 1977, I have attended the University of Saskatchewan at Saskatoon. I was enrolled in the College of Arts and Sciences. Besides majoring in Political Science, I participated in Track and Field, Cross-Country running, Intramural Sports, and Junior Huskiette Volleyball.

At the completion of both my first and second years of studies, I was awarded Undergraduate Scholarships for obtaining and maintaining a high academic average. In May of 1980, I was graduated with Distinction from the College of Arts and Sciences, with a Bachelor of Arts Degree (General) with a major in Political Science.

My summers, thus far, have been spent working and travelling. In the summer of 1977, I travelled to Vancouver for two weeks, and in the summer of 1979, I went by train to Prince Edward Island for two weeks. Next year I plan to work in Saskatoon, and to do some travelling. The following year, I intend to enrol in either the College of Law or the College of Education at the University of Saskatchewan to qualify for a career in either Law or Teaching.

MARTIN, DR. ROGER D. (Teacher, 1962-1963), Saskatoon, Saskatchewan.

I have been a college professor for 11 years now and am currently Associate Professor of Clinical Psychology in the Department of Psychology at the University of Saskatchewan.

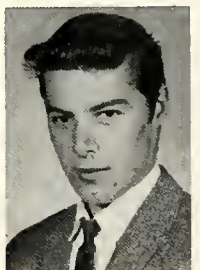

There was no time to include a photo but I don't think I look all that different except that I have had a beard and moustache for many years now!

Congratulations on your commemorative activities and be assured that I very much remember both the town of Admiral and especially those people who were so kind to me there in the very early years of my career development.

Since then I have become a researcher and clinician in the area of delinquency and find none of the calm and rather reserved personality characteristics of my Admiral young people in those that pass through these clinical doors. May you and yours have a peace and tranquility that others search so hard to achieve.

ROGER D. MARTIN, Ph.D.
Registered Psychologist
Associate Professor of Clinical Psychology

Mr. Roger Martin,
as he looked in
1962-1963.

NOTE: Dr. Martin is very modest about his personal and academic achievements, in his letter above. We would like to mention a few of them. These are taken from his Curriculum Vitae which he had enclosed with his letter.

Dr. Roger Martin has an Associate in Arts, Bachelor's Degree and Master's Degree from the University of Saskatchewan. He obtained his Ph. D. from the University of Alberta.

His University Appointments include the following:

MR. DAVID McCANN

McCANN, DAVID (1972), Admiral, Saskatchewan.

After graduating from Admiral High School
in 1972, I started farming. First on the home
farm, then gradually acquiring more land on my
own or in partnership with someone else. I farm
a considerable amount of land, all of it in the
North Admiral District.

In winter, when there is time away from
farming, I usually go on skiing trips and in
summer I enjoy a good game of golf. To date
I am still single.

.....

McCANN, JAMES (1969), Regina, Sask. James has a Bachelor of Education Degree.
He taught school in Australia. Presently he is teaching in
Regina at the Bosco School. He is married to a former Admiral
girl, Miss Nancy Braun.

.....

McCANN, MRS. NANCY (Braun) (1970), Nancy studied to be a Laboratory Technician.
She is employed by one of the large Regina hospitals. She is
married to James McCann.

.....

McCANN, PATRICK (1967), Admiral, Sask. Pat is the eldest son of the late
Larry McCann and Mrs. Mary McCann. He farms the 'home place'
which is the base of operations for his extensive wheat
farming business. He is married to Miss Kim Basso of Eastend.

.....

McCANN, WILLIAM (1972), Admiral, Sask. Bill is the youngest son of the late
Larry McCann and Mrs. Mary McCann. Bill is also a prosperous
wheat farmer, tall, handsome and single... Bill does champion-
ship curling all winter long. He forms the fourth member of
of the Allen Lind Rink. Bill also does a considerable amount
of Skiing.

MR. and MRS. KELLY McCANN and ADAM

McCANN, ROBERT THEODORE "KELLY" (1969), La Ronge, Saskatchewan.

After graduating from Grade XII at Admiral High School, my immediate reaction was, "to do nothing". Having made that a complete success for a year, I enrolled at the University of Saskatchewan, Saskatoon campus. Three years later I was awarded a Bachelor of Arts degree with Distinction.

Again my immediate reaction was, "to do nothing". This I accomplished with a similar high measure of success for one year. Then I began Law Studies at the U. of S., Saskatoon Campus. With the aid of bursaries and scholarships, and "a lot of doing", I was granted a Bachelor of Laws

degree in 1978. I articulated under a Shaunavon solicitor, Mr. Don Dermody, in 1978.

During that year 1978-79, I met and married Miss Mary Webber, an Admiral school teacher. We moved to Rosetown, Sask., and I began practising law, there. Our son Adam was born in Rosetown. Recently, we have moved to Northern Saskatchewan. We plan to make La Ronge our permanent home.

.....

McCANN, MISS SUSAN (1978), Saskatoon, Sask.

Upon leaving the hallways of Admiral High School, I enrolled at the University of Saskatchewan at Saskatoon. I was the recipient of a Saskatchewan Government Scholarship for \$200. This helped to further my education. I am enrolled in the College of Education, studying in my third year.

In my first year of College, I was a member of the "SHEAF", which is the U. of S. newspaper. I worked on layout, paste-up and writing. I found it a very valuable experience, and an excellent way to meet new people.

I have just completed my student teaching, and found an immense satisfaction in it. In the autumn I will be interning in Rosetown for four months, then to school for four months. I love the teaching profession, and am very happy to have picked it for my life's work.

McCRACKEN, MRS. CHERYL (Deschamps)
(1962), Edmonton, Alberta.

After completing Grade XII in June 1962, I went into Nursing at the Regina Grey Nuns' Hospital. I trained until 1964, then worked as a certified nursing assistant (CNA) in Swift Current for two years, and one year in Hodgeville, Sask.

In July 1967, I moved to the city of Edmonton, following a marriage break-up. I went back for more nurse's training in March of 1968, and graduated as a Registered Nurse in September 1969. I have worked full time since I graduated.

Pediatrics is my specialty. Previous to my obtaining my R.N., I taught Student Nursing Assistants. Now I'm back to active nursing in pediatrics.

In March 1971, I married Bill McCracken originally from Nipawin, Saskatchewan. He was still attending University at the time of our marriage. Presently, he's working for the government. We have our own home and are kept busy with interior decorating and yard work. My future ambition is to return to University some day to obtain a Baccalaureate in Nursing.

MOIR, MISS LINDA (1972), Swift Current, Saskatchewan.

Upon leaving Admiral High School in June 1972, I applied for employment at the Southwest Nursing Home in Shaunavon, Sask. I was accepted and worked there with the Geriatric Citizens for four years. During this time I up-graded my schoolwork. In the fall of 1977 I enrolled at the Kelsey Institute of Applied Arts and Sciences at Saskatoon. In July of 1978 I was awarded a diploma as a Certified Nursing Assistant (CNA). I joined the staff of the Swift Current Union Hospital, and have been assigned to the Children's Ward. I find the work very satisfying.

MR. JOHN NELSON

NELSON, JOHN (1976), Admiral, Saskatchewan.

John left Admiral High School in 1976 and has since been farming along with his father, Jerome Nelson, in the Admiral area. He drove a school bus for a time, and was the Care-taker of the Admiral Community Centre for two seasons. After completing a Welding Course, he was employed by Friggstad Manufacturers of Frontier, Sask.

He served as a member of the Admiral Town and Country Recreational Board, and was responsible for Winter Sports. He played Softball on the Admiral Men's Team for several years, and has been an active member of the Admiral Men's Hockey Team. He received the TOP SCORER AWARD in that sport .

NELSON, LESLIE (1963), Gull Lake, Saskatchewan.

After leaving Admiral High School, I worked with my father, the late Laurence Nelson, on the family farm just west of the town of Admiral. In 1971 I began training to become a Grain Buyer with the Saskatchewan Wheat Pool, Country Elevator Division. I trained at Admiral, then moved to Shaunavon, Sask., as assistant buyer in Saskatchewan Pool Elevator C. I was promoted to Agent, and bought grain at Esme, Sask., for nine years. We lived in Vanguard, a larger centre. In January, 1980, I transferred to the Saskatchewan Pool Elevator at Carmichael, Sask. I am married to the former Miss Bev Elliott of Shaunavon. We have a family of three boys and one girl.

.....

NELSON, MISS MARLENE (1976), Saskatoon, Sask.

I graduated from Grade XII at Admiral High School in 1976. Shortly after that I moved to Saskatoon, and found employment with a fast food service - DOG'N SUDS. To date I am still with the firm. In four years I have worked my way from waitress to cook, then manageress. I have managed one restaurant in Prince Albert, and two locations in Saskatoon.

Active participation in Sports is of prime importance in my life. I have taken up racquet ball, tennis, cycling, jogging, skating, badminton and skiing.

In the fall of 1980, I plan to enter Kelsey Institute to become a Medical Laboratory Technician. From there I hope to enter the U.of S, to study Physiotherapy. The future for me looks bright! I still believe as I did four years ago -

"Whatever is - Is Best."

OLESEN, MR. TERRY (Sports Teacher, September 1970 - June 1975), Shaunavon, Saskatchewan.

When I left Admiral School in June 1975, I enrolled at the University of Saskatchewan in Saskatoon. At Spring Convocation, 1976, I was awarded a Bachelor of Education degree and a Bachelor of Science degree. I returned to the employ of the Shaunavon School Division #71, and joined the staff of the Division IV School in the town of Shaunavon, in the fall of 1976. A position I have held ever since.

During the summer of 1976, my wife Debbie, and I, along with friends, travelled to the Olympics in Montreal. It was a very enjoyable trip. In March of 1977 our first child, Natasha was born, and in July 1978, our son Jaret was born. Needless to say, we haven't travelled very much since then.

In the summer of 1979, I was selected to go on a one-week's tour of Saskatchewan mines. This proved to be a very educational seminar. I have maintained my enthusiasm for sports of all types, especially golf, curling and fastball.

OLSON, MR. JAMES (Teacher, September 1973.....) Admiral, Saskatchewan.

I was born at Prince Albert, Sask., where my father worked with the Fire Department. We moved to Spiritwood, then Shellbrook, and eventually back to Prince Albert where my mother has a fabric shop and does tailoring.

I attended University for four years to obtain my degree to qualify me to teach school. I started my teaching career in Admiral High School in September 1973, and I have been teaching mainly Phys. Ed., Mathematics, Social (XII), Boys' Health and a few others.

Ms. Jane Mussell came here to teach in the fall of 1975. She had lived in Climax, Tompkins and Rosetown. We have a daughter, Aaron Jane, who is three years old.

I have been on the Admiral Village Council for a couple of years, and on the Recreation Board before that. I enjoy most sports. A

year ago I took a three-week course on Wilderness Survival. We also started a Ski Club in the High School and each year, usually during the Spring Break, Jane and myself, and other down-hill ski enthusiasts, spend an enjoyable ten days at the Whitefish Ski Resort in Montana. However my chief interests are in Cross-Country running, jogging, and canoeing. Lately, I have taken up guitar playing.

PEARL, MISS KIM (1976), Scotsguard, Saskatchewan.

I remained at home after graduating from Grade XII in June 1976. My father, Richard "Dick" Pearl, raises purebred Arabian horses on his farm, so I decided to stay home to train the young horses. University could come later. I became very involved in 4-H Light Horse Clubs, and also in demonstrations and Community College showmanship courses. Now, four years later on June 1, 1980, after investing in special equipment, I began my Showmanship career. As well, I became involved in the formation of an association of Arabian-horse enthusiasts in south-west Saskatchewan. We call our association the SHORT GRASS ARABIAN HORSE CLUB. I am one of the directors.

To date, I have trained thirteen "green" horses which include four stallions, eight mares and one gelding. I have halter-broke fifteen foals, also. Last spring one of these colts took it upon himself to give me a broken nose, but apart

from this I've been very fortunate.

To further my secondary education, I have been enrolled in correspondence courses from the College at Olds Alberta. Since there is no set time for the completion of these courses, I can work on them as my horsemanship schedule allows.

I left Admiral High School on June 30, 1971. For the next year, I was enrolled at the University of Saskatchewan, Saskatoon Campus. I completed the requirements for a Bachelor of Arts and a Bachelor of Education degrees. In 1979, I was granted a Master of Education degree in Educational Administration. My academic appointments after A.H.S. include the following: Principal of Val Marie School for the year 1972-73; Principal of Shaunavon High School, 1973-1977; and in the summer of 1977, I received the appointment of Director of Education for the North Battleford Roman Catholic School Division #16, a position I still hold. My academic aspiration is to complete my Doctoral degree like my brother Pat! (Editor's note: Dr. Patrick Renihan is a former teacher of Admiral Elementary School - 1969-70. His former students and their parents are proud of his achievements.)

In the summer of 1973, I was married to Miss Mary Ann Miller of Prince Albert, Sask.

Mary Ann is also a teacher. She taught at Admiral during the 1973-74 year, and then at Christ the King School in Shaunavon. Presently Mary Ann is involved selling real estate in and around the Battlefords. We both enjoy it here in North Battleford.

RETENMIER, Ms. BEVERLEY (1967), Carseland, Alberta.

Upon leaving Admiral High School, I attended Robertson Business College in Saskatoon, and obtained a secretarial diploma in November, 1968. Immediately, I obtained a position with the City of Swift Current, and was employed there until August of 1972. In that year I moved to Calgary, and began to work for Canadian Industries Limited (C.I.L.) in their Calgary plant. I am still employed by C.I.L., but at their Carseland plant outside of Calgary.

I love to travel, and my globe-trotting has taken me to California in 1975; then to Europe in 1977. I spent two weeks in England, one week in Belgium, and then three weeks on a bus tour of the Continent. We travelled through Belgium, France, Italia, Austria, Switzerland, Luxembourg, Germany, Holland and Monaco. I also enjoy the car-trips back to Admiral. I have one daughter, Rebecca, born in November, 1979.

RETENMIER, GARRY (1963), Admiral.

After graduating from Admiral High School in 1963, I helped on the family farm until I enlisted with the Royal Canadian Mounted Police, at Depot Division in Regina, in March 1965. I took my training at "N" Division in Ottawa and graduated in November, 1965. Immediately following graduation, I was posted to Toronto Town Station, in the city of Toronto. Later, I was transferred to Malton Detachment which is responsible for the policing and security of Toronto International Airport. I obtained my release from the RCMP in July of 1966. Following this, I worked for Seaboard Finance Co. in Toronto for the next three years. We returned to Admiral, Sask., and I was employed by the Admiral Co-op for a short time, and later by the Cadillac Co-op from 1969 to 1975. In October of 1975 we moved to Admiral and reside in our own home on the family farm, where I carry on my farming interests.

THE RETTENMIERS

GARRY, STACEY, JO-ANNE, JOANNA-LEE.

In 1966, I was married to Miss Jo-Anne Ballan of Oshawa, Ontario. We have two children, a daughter Joanna-Lee, who is in Grade VIII, attending Admiral High School, and a son Garry Stacey, born in October 1971, and also attending Admiral School. Tragedy struck our family when our eldest son, Darren Thomas, died in February, 1971 at the age of thirteen months from a viral infection.

In addition to our farming interests, both Jo-Anne and I have several other interests. I have driven a school bus for the Shaunavon School Division #71 for a number of years. Jo-Anne has taken over as Courier for the Royal Mail on R.R. #1 north of Admiral. We are also the chief Custodians for the Admiral Schools. As a family, we enjoy archery, softball, hockey, figure-skating and travelling. Last December we travelled to Oshawa, Toronto and Kingston to visit relatives for a Christmas holiday.

RIEDIGER, MISS ROXANNE (1977), Saskatoon, Sask.

Since I left Admiral High School in 1977, I attended a Drama Course at Fort San, Sask., then, I worked at the Steakhouse Lodge in Swift Current as a waitress. Later on, I joined the group called "EVERGREEN" and moved into the music world. With this band I toured Alberta and British Columbia doing singing engagements. I also spent two months in Edmonton with a band named "ROXY".

In September of 1979, I moved to Saskatoon and took a position as assistant manager at "A & A" Records. Lately I have begun singing with a new band, "LAGUNA", under the jurisdiction of Northwind Talent Agency. At the present time we are taking one-night bookings, but later we plan on doing club engagements.

I have retained a keen interest in drama, and my hopes for the future are to take University classes in drama which could lead to a degree in Fine Arts.

Since my year of teaching in Admiral High School, I have been associated with the school in various capacities - teaching Grades IV and V, substituting at all grade levels, and recently working with the Kindergarten Class. I also have been involved with the local committee of the Cypress Hills Community College which sponsors adult education classes.

My husband, Frelan(Class of '54, A.H.S.), and I, are actively involved with most aspects of the Admiral Community. We both have served on the Admiral Town & Country Recreation Board; I belong to the U.C.W.; Frelan and both of our children - Shannon who is ten years old, and Ronald who is eight, belong to the Archery Club; the children play hockey and figure-skate; they attend Monday School which I help to teach; and they participate in T-Ball. All of these activities require some degree of parental support and time. As a family, we travelled with a group by chartered bus to California and other points, during the Christmas Season of 1979. This was a dream come true to take the children to Disneyland.

A worthwhile project that I assisted with was the compiling of the local history book, "ADMIRAL - PRAIRIE TO WHEATFIELDS". It was inspiring to be part of such a dedicated committee of workers, who take such pride in their rural Saskatchewan heritage.

Following graduation in 1968 from Admiral High School, I enrolled for one year with the Marvel School of Beauty in Saskatoon. However, I decided that this was not what I wanted as a career. Not knowing exactly what I wanted to do, I took interim jobs. I worked at the telephone office at Scotsguard, then at the telephone office in Admiral, I took any odd jobs that presented themselves. In the fall of 1971, I took employment at the Cadillac Hotel, and I was there for three years. Since that time I have been on the staff of the Palliser Hospital, employed as a cook. I have been there for six years now.

I like to travel, and this past Christmas I had the pleasure of travelling with a group of Admiral and district people, on a chartered trip to Disneyland and other places in southern U.S.A. It was very enjoyable.

FRANCES MYRNA

SCANSEN, MRS. FRANCES (Teacher, 1964-65), Cadillac, Saskatchewan.

Since my resignation from Admiral High School in June 1965, I have not accepted a full-time teaching position anywhere else, although I have done substitute teaching at the Cadillac School on various occasions. My husband, Aron is a full-time farmer in this district, and we have two children, Marvin who is taking Grade IX, and Myrna who is in Grade VII. They both attend Admiral High School.

During the intervening years, 1965-1980, I have held various positions in the South Immanuel Lutheran Church Women, ranging from President to Visiting and Card Secretary. For five years, I taught classes in the Interdenominational Church School. At times these classes were held in the Admiral School and I found it strange to be back in a classroom once again.

At present, my husband Aron is a member of the Admiral Town and Country Recreation Board. I help when he 'volunteers' me as a worker. Both of us are members of the recently formed "Celebrate Saskatchewan Choir" under the direction of Mrs. Bev Gray. This is an interdenominational group from Admiral and Cadillac districts. Both of our children are active in their respective school sports, as well as playing hockey and figure-skating. All of these activities make our life meaningful and interesting.

YVONNE and ROGER SEPT

BABY JUSTIN SEPT
AT FIVE MONTHS

SEPT, MRS. YVONNE (Bymoan) (1969),
Medicine Hat, Alberta.

I graduated from A.H.S. in 1969. Following this, I enrolled in the College of Education at the Medicine Hat College. After one year at this college, I attended the University of Calgary. I received my Bachelor of Education degree in 1972 from this university.

Time has gone quickly! I have now spent seven years at my career.

My first teaching position was for the Wadena School Unit at Rose Valley, Sask. I was there two years. The next two years were spent teaching at Irvine, Alberta, and the last three years that I taught were spent at Medicine Hat.

I married Roger Sept of Medicine Hat in December 1974. We have one son, Justin, who was one year old in October. Justin, consequently has ended my work outside the home for a few years. Our home is in Medicine Hat, and I enjoy being a housewife and mother.

I have done some travelling. Before I was married, I spent one summer in Europe and toured eleven countries. This was a very enjoyable and educational trip. I was to Toronto and Niagara Falls another summer. Since our marriage, Roger and I have visited Seattle, Las Vegas and Hawaii.

SHERWICK, MRS. EILEEN (Wallis) (1957),
Shaunavon, Saskatchewan.

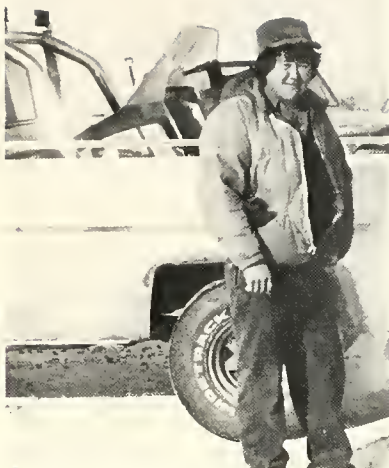

Following my high school graduation in 1957, I enrolled in the Moose Jaw Union Hospital School of Nursing for their three-year diploma course. I graduated in September 1960. Since then, I have been on staff at the Moose Jaw Union Hospital, where I took my training, at the Swift Current Hospital, and more recently at the Shaunavon Union Hospital.

I married Ralph Sherwick of Admiral in 1960. We make our home in the town of Shaunavon.

MR. STEPHEN SHERWICK

SHERWICK, STEPHEN (1973), Admiral, Saskatchewan.

After his graduation from A.H.S. in 1973, Stephen attended the University of Saskatchewan at Saskatoon for one year. Then, he enrolled in the one-year course of the Industrial Instrumentation Program offered at the Technical Institute at Moose Jaw. His on-the-job training took Steve to Faro in the Yukon for nine months. He then returned to S.T.I. to finish his course and receive his diploma.

His first work after graduating was for Welex in Medicine Hat. He is currently employed on a Sarcee Oil Rig in Alberta.

Together with his two younger brothers, Stephen purchased a farm near Antelope, Sask. For recreation, Steve spends his time in hunting, fishing, boating, water-skiing, swimming and camping. All these when he has 'spare time'. He has a cabin at Lac Pelletier, and he has retained his single status! He is trying to prove the old adage - "Twice a best man, but never a groom."

.....

SHERWICK, LANE (1974), Strathmore, Alberta.

Lane went 'West' to Canal Flats, B.C., as soon as he had completed his Grade XII in A.H.S., in 1974. He worked in the mills and stayed with his job there until December of that year. In March 1975, he began working for Precision Drilling of Calgary on Oil Rig # 5. He has remained with the same company all these years, however, he is on a different Rig - as a driller. Lane has a sideline, he has his farming operation in partnership with his two brothers. Recreational activities include, camping in the mountains, skidoo-ing, hunting, bike riding, swimming and softball. Las Vegas has been his annual "quick" holiday for a number of years. We also know that Lane has another very 'special' interest!

MISS PATSY SPETZ

SPETZ, MISS PATRICIA (1977), Swift Current, Sask.

Following graduation from Admiral High School in 1977, Patsy took a short course in Secretarial work in Saskatoon. Later, she obtained a position at C K S W Radio Station, in Swift Current, and at the present time she still holds that position.

.....

SHERWICK, HUGH (1975), Admiral, Saskatchewan. Hugh is the youngest of the Sherwick "Trio of Boys", sons of the late Harold Sherwick, and Mrs. Alice Sherwick. They also have a sister, Wendy, who is a graduate of Admiral High School, Class of 1980.

Hugh went directly from Admiral High School after finishing his Grade XII in 1975, to the Oil Rigs of Alberta. He obtained work with Precision Drilling of Calgary on Rig # 5. Hugh has remained with that same Oil Rig #5, going up the ladder from roughneck to driller. Hugh is also in partnership with his two brothers in their farming operations, and jokingly, he always seems to pull the short straw when it comes to deciding which one of the three is going to stay at home-base during the summer to work the farms.

Hugh does have some leisure time amid all his responsibilities. He enjoys hunting, fishing, boating and water-skiing in the summers, and as well plays softball and golfs. In winter, when off the rigs, he likes to spend weekends at his bachelor cabin at Lac Pelletier, fishing through the ice or driving around on his snowmobile.

SHULIST, MRS. ROSE-MARIE (Henrion) (1975), Shaunavon, Saskatchewan.

Upon leaving Admiral High School in June of 1975, I spent the summer at Camp Shagebec in the Cypress Hills Provincial Park. I was employed there as Assistant Cook. I received word just about this time that the course, for which I had previously registered, was filled at the Kelsey Institute of Technology. At this time the Shaunavon Union Hospital was looking for personnel to train as Nurses' Aides. I applied and was accepted. Over the years, I have found the work very enjoyable and worthwhile.

In October of 1978 I married Robert Shulist from Ontario. Robert is a grain buyer for the Saskatchewan Wheat Pool at Scotsguard, Sask. We reside in Shaunavon. EDITOR'S NOTE: Word has been received of the birth of a daughter to Mr. and Mrs. Robert Shulist. Jennifer will be her given name. Congratulations to the parents, and the Grandparents, Mr. and Mrs. John Henrion, on their first grandchild.

MS. IRIS SMITH
AND HER TWO DAUGHTERS
FAROLE NYLA
IRIS SMITH (Née Hagen)

After graduating from Grade 12 in 1968, I worked in Shaunavon as a Dental Health Nurse for the Swift Current Health Region Dental Office for a year and a half during which time I married Allan Smith, and shortly thereafter his work took us to Radville, Saskatchewan where I also worked as a Dental Nurse on a part-time basis. We had two children; Sharynne Farole born May 5th, 1970, and Nyla Shaundell born November 8, 1972. In 1972 we moved to Allan's father's farm to help him farm and moved into Saskatoon in the winters of 1972 and 1973. In the winter of 1973 I left my husband, and moved to Prince Albert where I worked as a sales clerk in both the Woolco Department Store, and Reitman's Ladies Wear until June 1st when I was accepted into a Secretarial Course at the Prince Albert Business College, by September I was working in the office at the Business College and assisting the Instructresses with the correcting of student assignments in some subjects.

I completed my business college course in May, 1975 and took a position with the Prince Albert Chamber of Commerce during which time I was also appointed to the executive of the Prince Albert Winter Festival which was indeed a highlight in my work at the Chamber. I greatly enjoyed my position at the Chamber of Commerce and worked there for a year and a half. I have many fond memories of this first job as a Secretary; in many instances I was called upon to act as an Assistant Manager. It was while I was working here that the opportunity arose for my next position which was in Norcanair's Head Office in Prince Albert. After my three month probation period I was offered the position of Executive Secretary to the President of Norcanair in the Saskatoon Office which was still under construction at that time. I accepted the challenge and bought a house in Saskatoon in 1976. In the summer of 1977 I decided to accept an offer to be Office Manager of a small insurance firm called Blackmur Insurance Services who also managed a fishing camp in Saskatchewan's North called Athabasca Camps Ltd. however in 1979 I decided to opt for the security of a Union job and I applied for and was hired by the City of Saskatoon in the capacity of Clerk-Steno 2 in a newly formulated position at the Mendel Art Gallery Department. In the spring of 1979 I applied to the Union for re-classification due to the demands of my position in the areas of payroll, and accts. receivable, accts. payable, etc. and in the spring of 1980 my position was officially re-classified as a Clerk 4 on the recommendation of my supervisor and the Director of the Gallery along with the Union. During the Summer of 1979, while the Gallery was in the midst of changing to a new Director, I was named 'Acting Business Manager' and my supervisor ^{was} 'Acting Director' for this interim period of four months.

In the fall of 1979 I enrolled in a four year certificate program in Business Administration at the University of Saskatchewan (night classes), and following completion of the BAC I intend to go on to receive the standing of RIA (Registered Industrial Accountant).

I am presently on the executive of the Saskatoon Business and Professional Women's Club, and a member of the Certificate in Management association.

I enjoy cross-country skiing which I took up while I lived in Prince Albert, I also enjoy tennis, and curling; and most of all travelling. The highlight so far in connection with travel was a trip to Hawaii in 1977.

SMETANIUK, MRS. BEVERLY (Haakensen) (1969). Deceased.
Submitted by her twin sister - Mrs Barbara Evesque, Cadillac, Sask.

After completing her Grade XII at Admiral High School, Beverly enrolled at the Kelsey Institute in Saskatoon to study Combined X-Ray and Laboratory Technology. She completed her training at Fort Qu'Appelle, Sask., and received her diploma in 1971. She went to Thompson, Man., to work in the hospital there.

Beverly married Chester Smetaniuk on October 2, 1971. They moved to Saskatoon in May of 1972, and there she worked part-time at the Baltzan Clinic. They resided in Saskatoon until tragedy struck on October 1974, when they were both called to their Eternal Home as a result of a highway accident. They left behind two little children, one daughter Yvonne, and a son Bryce.

EDITOR'S NOTE: Mrs. Barbara Evesque and her husband Allen of Cadillac, have taken in the two orphaned children, and are raising them along with their own two who are about the same ages. The World needs more people like you!

SMITH, MRS. LAURA (McCann) (1971),
Invermere, British Columbia.

After finishing high school in Admiral in 1971, I moved to Radium B.C., where I obtained a job at waiting tables in a restaurant for the summer. In August, I met Ed Smith, who as it turned out was to become my husband. So, when fall came along, I decided to stay in beautiful British Columbia. I continued working in the same restaurant as a bookkeeper now until October, 1972.

Ed and I were married, and we moved to Invermere shortly after. Then, I 'retired' to have our family. David Newton, our eldest son, was born in April, 1973. In 1975 our second son Kevin was born. But Kevin was only with us for two short years, he was killed in a tragic accident in 1977. Since then, we have had another son, Cory Patric, born in March 1978.

My husband Ed is a machinist by trade, but he is a very versatile man. Just recently, he built our own Log House. Lately, we have started our own business. Ed does the work, and I do the books! We are a busy

family, but we always find the time for a visit back home to Admiral every summer.

SPETZ, MISS LAURIE (1976), Terrace, British Columbia.

Upon finishing high school at Admiral in 1976, I attended Mount Royal College in Calgary to study Interior Design for two years. I graduated in 1978, and received my diploma in the field of Interior Design.

I worked in Calgary for over a year, then moved to Vancouver where I worked in a Life Insurance office as a policy change clerk.

Recently, I moved to Terrace B.C. I am working for a Government Department, and I like my work. I am also teaching a Community College Class in Interior Design in the evening.

While I was in Calgary, I met Eric LeNeve of Surrey B. C. We have announced our engagement, and we plan to get married in November at Terrace, B.C.

STEEN, MISS LOIS (1979), Medicine Hat, Alberta.

After graduating from Admiral High School in 1979, I enrolled in the Secretarial Science Program at the Medicine Hat College for one year.

I took a great interest in the Curling activities of the College. I curled on the Ladies' College Rink, and we travelled to Edmonton for competition. I also curled on the Medicine Hat Junior Girls' Curling Team. And we represented Medicine Hat in the Zone Playoffs, then the Southern Alberta Playoffs, and on to represent Southern Alberta in the Provincial Curling.

At the present time I am working in Medicine Hat, and I plan on staying here permanently.

MR. and MRS. GARY THEIS
LINDSAY and TAMMY

After leaving Admiral, I enrolled in the Coastal School of Deep Sea Diving in Oakland, California. I was graduated in May 1969. I returned to Canada, and went on to do diving works, with a Winnipeg-based company, in the Arctic and Ontario.

In May 1970, I married Miss Laverne Ross of Shaunavon, a legal secretary and junior accountant, and we moved to Vancouver, B.C. I was employed by International Hydro-dynamics Ltd., in the capacity of diver and submarine pilot of the Pisces Submersibles, and Laverne worked for a finance company.

I am now owner/operator of my own company - COMMERCIAL UNDERWATER CONTRACTING LTD., which is a construction firm specializing in all aspects of underwater engineering and technology all over Canada and the United States. This year I had the good fortune to obtain the B.C. POWER contract that pertains to my aspect of underwater construction and repair.

Laverne and I have two little daughters, Tamara (Tammy) who was four in April, and Lindsay who was two in March. Like their father, they are both avid swimmers. Recently, we moved into our spanking new home in North Delta. We are landscaping our premises, but unfortunately, I'm usually only home long enough to get one juniper planted, or one cedar anchored down, when it's time once again to move along to the next job, albeit at Port Hardy to install anti-pollution equipment for the mine, or at the University of Santa Barbara, California, to extricate a baby octopus that is blocking the entrance to the intake pipe, to one of their marine labs.

We've been on trips to parts of Mexico, Disneyland, Lake Tahoe and Hawaii. Once a year I hang up the wet suit and helmet, and we travel back to our roots in Southern Saskatchewan.

TONI THEIS

Everyone finds it difficult to write about his or her own life and I am no exception to this. By the very nature of my career as a teacher, you as former students, or as teaching colleagues, probably would be much better informed to write an account of my life, than I might be myself. I know all the facts, but you have an advantage - you have all the facts as well as all the fiction about my life...

As you have read elsewhere in these pages, I have put up my books; burned my notes; and handed over my keys to my successors. On June 30, 1980, a chapter in my life as an educator was closed. My teaching career had spanned almost four decades; and all of it done in the schools of South-western Saskatchewan; and most of it in Admiral Schools.

As I cleaned out my desk in preparation to leaving, I came across this poem in my files, which in part sums up my thoughts, as I leave the teaching profession, after having spent so many years in close proximity to the lives of two generations of very wonderful young people and adults.

Toni Theis

SO MUCH OF THE WONDER AND BEAUTY OF LIFE

When the school door closed behind me today,
And I knew that for me it was the last time,
A feeling of loneliness swept over me--
A deep desolation I cannot describe.
For I knew I had come to the end of the road
That I had travelled for many a-year.

I suddenly felt as empty of life,
As the silent building behind me was.
No sound of footsteps echoed there now,
And laughter was gone from the empty halls.
The playground too was deserted and still,
Except for the western wind.

I thought of the years that had passed so fast,
Those days that would never come back again,
I remembered the host of youthful faces,
Full of life and joy and hopeful dreams
That had made my own life rich and full,
And had given me reason to be.

And I realized now they had given to me
Far more than I had ever given to them,
Their youth had brought me inward strength,
Their trust and faith had made me strive,
Their love of justice gave me hope for tomorrow,
And their laughter was the music of life.

As I thought of them now, the sorrow I felt
Came from knowing I may never share with them again
Their work and their play in classrooms or halls,
That never again would I join them there,
Or have little part in their youthful lives,
As director, or teacher, or learner.

The memories I have will remain with me now:
They are treasures I'll keep and guard well.
Perhaps they will bring contentment to me
To ease the deep loss that now I feel
And brighten the retirement years ahead
With the sweetness of joys that have passed.

But yet I know, bring the years what they may,
With a sureness I never have known before,
That all the time in the classroom spent
Has been time that was full of richness and hope,
For I found in the lives that touched mine there
So much of the wonder and beauty of life.

WAGNER, MRS. JANET (Wetterstrand) (1960), Stephenville, Newfoundland.

After completion of Grade XII at Admiral School in 1960, I entered the Regina General Hospital School of Nursing diploma program. At this time, in order to become an R.N., you were required to live-in at the hospital for three years. Well, after completing one year of the program, I decided to make a change. I enrolled at the Regina Teachers' College to train as a teacher. I also took English credit classes at the University of Saskatchewan at Saskatoon. I also qualify as a bookkeeper and secretary.

I married Reginald Wagner of Moose Jaw, Sask. Reg is a teacher. We lived in Regina for several years, then we moved to Toronto where my husband was a teacher in Specialized Education for eleven years. Recently, we moved to Stephenville, Newfoundland, where Reg is now core manager for a plant. We have two children, a son Randy who is sixteen years of age, and a daughter Kim who is fifteen years of age. Randy intends on going to university in Saskatchewan, so, in order to meet the requirements, he came to this province to take his Grade XII. He is staying with his Grandparents, Mr. and Mrs. Fred Wetterstrand and is attending Admiral High School, just as I did. For myself, I am employed in my husband's plant as Bookkeeper and Secretary.

While we lived in Toronto, I took swimming lessons, and worked up to my Senior in the Red Cross program. I was a Girl Guide when I was growing-up in Admiral, and when we resided in Toronto, I became very involved with the Guide Movement, as well as with other boys' and girls' clubs. Also, after a short course in Toronto, I was a "Parent Volunteer" in Primary Education for two years.

As a family, we have been fortunate to be able to travel extensively. We have been to every province of Canada except P.E.I., only Randy has been there to attend Scout Camp. We have travelled in many parts of the U.S., but Europe will be our next project. We've been back to the Saskatchewan Prairies several times, and it's always a nostalgia trip for me to come back to the little Saskatchewan town of Admiral where I spent my childhood years.

WALLIS, BARRY (1974), Admiral, Saskatchewan.

After I finished Grade XII in 1974, I started farming with my father, Herb Wallis, and rented my Grandmother's land. During the fall of 1975 to the spring of 1976, I attended the University of Saskatchewan, and was enrolled in the Vocatinnal Agriculture Diploma course. For the following year 1976-1977, I was employed as Partsman for the C.C.I.L. (Canadian Co-op Imple-ments), in Shaunavon. At the present time I am farming four miles south of the town of Admiral on the farm formerly owned by Eddie and Dorothy Wallis.

I was married on April 9, 1977 to Miss Brenda Thienes of the StoneDistrict, northwest of Shaunavon. In January 1978, we went on a belated honeymoon to Florida. We visited many interesting places including Disneyworld and the NASA Space Centre. Brenda and I have a three year old daughter, Bobbi-Joy, and we are expecting another child in August.

We both enjoy sports, especially softball and curling. We curl as much as we possibly can in the winter. In the summer I play ball for the Shaunavon Demons, and Brenda plays for the Admiral Angels. I am the Vice-President of the local Recreation Board. EDITOR'S NOTE - Since Barry submitted this write-up, he and his wife, Brenda are the proud parents of a baby boy. Congratulations!

WETTERSTRAND, K. GERALD, (1957), Regina, Saskatchewan.

After graduating from Admiral High School, I enrolled at the University of Saskatchewan, Saskatoon Campus, in the College of Engineering. I obtained a degree in Civil Engineering in 1963. Following graduation, I spent three years with the Provincial Municipal Road Assistance Authority, starting out in Yorkton, and eventually ending up as District Engineer for the Prince Albert District.

Along the way, I collected my wife, Barbara, in 1965. Barbara is a former resident of Saltcoats, a small town a short distance southeast of Yorkton, Sask. In the fall of 1966, I left the Provincial Agency to join PFRA. My first position with PFRA, with whom I had worked during my undergraduate years at University, was as Field Engineer on an irrigation development program in GHANA, WEST AFRICA.

After three years in Ghana, we returned to Canada in October, 1969, and have resided in Regina since. In January 1971, our daughter, Tracy Lee, was born, and in October 1976, Bradley Grant, our son, arrived on the scene.

My present position with PFRA is Regional Engineer (Saskatchewan). I also serve as the Federal Member on the Qu'Appelle Operations Board, and as the Federal Co-Chairman of the Implementation Committee for the Canada-Saskatchewan Agricultural Service Centres Program. Foreign work holds a special interest for me, and in addition to the Ghana Project, I was involved in a surface water development study in KENYA in 1972, and more recently I made two trips to PAKISTAN; one in 1979, and the other in 1980 as a part of a team investigating problems with irrigated agriculture in that country.

When I left school in 1963, I went to work on a neighbouring farm until the fall of the year. Then, I enrolled at the Saskatchewan Technical Institute at Moose Jaw in a course in Pressure Welding. After completion of the course, I worked for Kjeldski Welding of Shaunavon for one year on oil-rig servicing. However, farming as an occupation, was always my first choice, so I returned to Admiral and once again worked on a farm of Laurence Lind's for one year. Then, I joined my two brothers in farming our own extensive family farming interests.

I married Miss Barbara McGuire, a Centennial Year graduate of A.H.S., on November 3, 1967. We live on the family farm of the late Harry Wickstrom. We have our own new home, and along with our three children we enjoy the good life of rural living.

Although my farming responsibilities leave me little time for recreation, I still enjoy hunting, fishing and snowmobile racing. I began my love of Curling, when in high school along with my classmates - one of which here is most worthy of mention - Dale Johnston who went on to capture the Canadian Brier with the rest of that famous Medicine Hat Rink, in the spring of 1978 - we used to take most of the Shaunavon Unit, and District School Boy Playdowns. We even made it to the Southern Playdowns one year. I have taken part in many bonspiels since those high school days, and made it to the Southern Saskatchewan Brier Playdowns three times!

I married Arnold Wickstrom, also of Admiral, on November 3, 1967. We have been favoured with three children. Kurt our son, is eleven years old; Roxanne our oldest daughter is eight; and our baby daughter, Crystal is oneyear old. I enjoy taking care of our new home, and looking after the needs of our active, young family. I have tried to make time for community activities, as well. I belong to the Lutheran Church Women, I'm a Deaconess in Admiral Immanuel Lutheran Church, and I'm on the Evangeline Committee, as well as helping with the Inter-denominational Monday School. I was on the Admiral Recreation Board executive for two years. During one of these years, we held the Southwest Regional Winter Games in The Admiral Community Centre. It was a busy and challenging time for everyone in the Community. At the present time I am President of the Admiral Home and School Association.

I enjoy curling and playing softball. Lately I have been coaching a twelve and under T-Ball Girls' Team. We have taken the children on a few trips, the most exciting of which was a trip to Disneyland a few years ago. My favourite pastime, I suppose, is in watching our children taking part in different sports and activities, in the same school and community in which we both grew up.

We visited several countries, which included England, France, Spain, Switzerland, Germany, Denmark and Norway. It was a tremendous experience.

My work in grain buying has taken me to Admiral, Shaunavon, and then to Simmie for two years. In 1978 I decided to farm on a full-time basis.

I am married to Miss Vicki McCann, also of Admiral. We are living on, and farming the land once occupied by Vicki's Grandfather, the late Mr. James McCann. I enjoy softball and curling when time permits.

WIGNESS, MRS. VICKI (McCann) (1975), Admiral, Sask.

I married Kurt Wigness of Admiral in 1974. We lived in Shaunavon for one year, then we moved to Simmie, where Kurt was a grain buyer. We were there two years, then in 1978, we moved to a farm about ten miles north of Admiral. We have three children. Our son Merek is four years old, our oldest daughter Lacey is going on two, and our baby daughter who was born during Admiral's Celebrate Saskatchewan festivities, August 2, 1980. The next day she was the recipient (by proxy) of the Princess Award for being the youngest girl-child born to parents from Admiral and area. Congratulations Vicki and Kurt!

REFLECTIONS

CLASS OF 1978

SUSAN McCANN, SASKATOON, SASK.
EUGENE ONRAET, ADMIRAL, SASK.
VALERIE BRAUN, SWIFT CURRENT, SASK.
EDUARDO BENAVIDES, MONTERREY. MEXICO

MR. Eddingfield, Principal.

WIGNESS, MYRON (1970), Admiral, Saskatchewan

I completed Grade XII in June 1970, and worked on the family farm until August 1970, then I obtained employment as Driver-salesman for Pioneer Co-Op at Aneroid.

In March 1971, I started working at the Shaunavon Credit Union as Teller and Office Worker. From Shaunavon, I transferred to Eastend Credit Union as Accountant, then to Maple Creek Credit Union as Loans Officer and Branch Supervisor.

In November 1974, I began a position as assistant administrator for Rem Manufacturing. Unfortunately, I injured my right hand in April of 1975. Later on, I began working Outdoors in the Servicing of Oil Wells for Manil and Coderre Oil Field Construction, in May 1975. In September of the same year, I moved to Medicine Hat to work for Hat Pipeline until the end of the season.

MR. MYRON WIGNESS

After another operation on my injured hand, I took a job as Caretaker of the Admiral Recreation Centre. That spring I went to work for Arnold Wickstrom for the farming season. Then, I rented a backhoe and commenced contracting until I was called back to Regina for hand therapy in Nov., 1976. Come January 1977, I had a third operation on my hand, followed by more therapy in February and again in March 1977.

In the spring of '77, I began contracting in earnest with the purchase of a backhoe and trailer. Since then my contracting business has been expanded by the addition of a crawler loader and a tandem dump truck. Since 1979, ranching and farming have entered the picture since I obtained a herd of cows and some land.

WILSON, FRED, (1971), Admiral, Saskatchewan.

MR. and MRS. FRED WILSON

I graduated in June 1971, and in January 1972, I left home to attend the Prairie Bible Institute at Three Hills, Alberta. In the summer of 1972, I enrolled in a sales training program at Nashville, Tennessee. From there I went to work in Windsor and Sarnia, making use of my course in salesmanship.

I returned home that fall to help at home with the harvest. Following that, my cousin Keith Wilson, and

I, formed a farming partnership for land that we rented in the Val Marie District. In the next two years, I worked at various types of occupations, logging, truck-driving, and doing service-station work. However, I returned to farming in 1976.

In June 1976, I married Miss Mildred Buckingham, daughter of the late Mrs. Wilma Buckingham and Wilfred Buckingham, and also an Admiral High School graduate. We live in our new home situated about ten miles north of Admiral, and I farm land at Admiral and Val Marie. I worked with the local Gideon Organization until December, 1979.

WILSON, MRS. MILDRED (Buckingham) (1970), Admiral, Saskatchewan.

After graduating from A.H.S. in June 1970, I remained to help on the family farm and home. In the autumn of 1974, I was employed in the training centre for the physically handicapped at Moose Jaw, Sask. I returned to Admiral and took up a position with the Admiral Credit Union. I was with that firm for two and one-half years. I am married to Fred Wilson, second son of Mr. and Mrs. Wesley Wilson of Admiral. Our little daughter, Judy, was born in May 1978.

WILSON, LELAND (1970), Admiral, Saskatchewan.

Leland graduated from Admiral High School in June 1970. He worked with his father, Mr. Norman Wilson, until he went farming on his own.

In 1974, he married Miss Donna Johnston in a ceremony at Medicine Hat. They reside on their farm south-east of of Admiral, where Leland carries out quite an extensive farming operation. They have three children. Leland and Donna both enjoy softball. Leland played with the Admiral team, and the Shaunavon Demons, and Donna with the Admiral Angels. Leland is a better than average curler! He travelled to Montreal to see the Grey Cup, and he and Donna travelled to California in 1974.

WILSON, MRS. DONNA (Johnston) (Secretary, Teacher - September 1974-June 1978), Admiral, Saskatchewan.

Mrs. Donna Wilson is a graduate of Medicine Hat College in Secretarial Science. Before coming to Admiral, she was employed by the Shaunavon School Unit as office worker. In September of 1974, Miss Johnston accepted a position as Secretary of the the Admiral School. Later when Typing was added to the school's course of studies, she became its first typing teacher.

On November 2, 1974, Donna married Leland Wilson in a ceremony at Medicine Hat. She continued to be employed in the Admiral School until the end of June 1978, at which time she became a full-time 'domestic engineer'. Mr. and Mrs. Leland Wilson have three children. Tyler Lee was born in September 1978; and the twin girls Brooke and Brandi were born in December 1979. Congratulations !

.....

WILSON, NORMAN LYLE (1973), Admiral, Saskatchewan.

In 1973, I left school to take up wheat farming on a full-time basis. I worked in partnership with my father, Mr. Norman Wilson. Since then, I have purchased land in the Admiral, Scotsguard, Cadillac and Val Marie areas.

I married Miss Lynn Anderson of Shaunavon in 1975. We have two sons - Sean born in 1976, and attending Kindergarten classes in Admiral Elementary School this fall term, and Dillon born in December 1979.

.....

WILSON, ROBERT (1968), Beechy, Saskatchewan.

After leaving Admiral High School, I completed a Bachelor of Science in Biology, and Teacher Training at the University of Saskatchewan at Saskatoon. I am also continuing my studies in Education on a part time basis at the University of Regina. I've taken short courses - Wilderness Survival and Fire-arms Safety, which I instruct to a school group, as well as to a community group.

At present, I'm entering my fifth year of teaching high school Sciences. I am teaching at Beechy. I married Ruth in 1972. We have a small daughter, Heather, who was born in 1979.
